*Jason Ruedy, States that Reduced Interest Rates Will Not Only Advantage Homeowners but Also Provide Benefits Through Tailored Loan Terms*

SAN FRANCISCO, CA, UNITED STATES, January 14, 2025 /EINPresswire.com/ -- Jason Ruedy, President, CEO of The Home Loan Arranger a top mortgage broker says with the current state of the economy and the housing market, many

[homeowners](#) are looking for ways to save money on their mortgages. According to mortgage expert Jason Ruedy, homeowners who have purchased or refinanced their homes in the past 3 years may have a chance to do just that in 2025.

“

This is a game-changer for those who want to take advantage of lower rates without adding more years to their mortgage.”

Ruedy, also known as "The Home Loan Arranger," a 5 star mortgage broker has been closely monitoring the [mortgage industry](#) and predicts that mortgage rates will decrease in 2025. This could be great news for homeowners who are looking to save money on their monthly mortgage payments.

But that's not all. Ruedy also points out that with the [custom loan term](#) option, homeowners can further benefit from these lower rates. For example, if a homeowner has 27 years left on their current mortgage term, they can refinance with a custom 27-year term instead of going back to a 30-year term. This means they can take advantage of the lower rates without extending the life of their loan.

Ruedy believes that this is a huge opportunity for homeowners to save money and potentially pay off their mortgages sooner. "With the custom loan term option, homeowners can tailor their mortgage to fit their specific needs and financial goals," he says. "This is a game-changer for those who want to take advantage of lower rates without adding more years to their

mortgage."

As the housing market continues to fluctuate, it's important for homeowners to stay informed and take advantage of opportunities to save money. With Jason Ruedy's prediction of lower mortgage rates in 2025 and the custom loan term option, homeowners have a chance to do just that. Stay informed on the latest mortgage rates and news!
