

# Pinbar by Huang Guoxiao and Zhu Penglong Wins Iron A' Design Award in Home Appliances Design Category

*Innovative Capsule Machine and Water Dispenser Combo Recognized for Excellence in Home Appliance Design*

COMO, CO, ITALY, January 5, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected award in the field of [home appliance](#) design, has announced Pinbar, a tea and beverage capsule machine designed by [Huang Guoxiao and Zhu Penglong](#), as the winner of the Iron A' Design Award in the Home Appliances Design category. This prestigious recognition highlights the significance of Pinbar's innovative design within the competitive home appliance industry.

Pinbar's unique combination of a capsule machine and water dispenser addresses the diverse needs of

modern households, making it a standout product in the market. Its sleek and compact design, featuring a large touch color screen and ergonomic knobs, enhances user experience and aligns with current trends in home appliance aesthetics and functionality.

The award-winning design of Pinbar sets it apart through its intelligent capsule scanning technology, which automatically identifies and matches optimal brewing parameters for each flavor capsule, ensuring consistent taste. The machine's adjustable temperature and water volume settings, along with its WiFi connectivity for seamless updates, demonstrate a strong focus on user customization and convenience.

This recognition from the A' Design Award serves as a testament to the dedication and innovation of the Pinbar team, inspiring them to continue pushing boundaries in the home

Pinbar

appliance sector. The award not only validates the merits of the Pinbar design but also highlights the potential for further advancements in the field of capsule-based beverage systems.

Pinbar was designed by Huang Guoxiao and Zhu Penglong, with contributions from team member Lu Peng.
