

# Dual Frequency Rejuvawand by Bloomage Biotechnology Corporation Ltd. Wins Iron A' Design Award in Cosmetics Industry

*Innovative Handheld Dual Frequency Beauty Device Recognized for Excellence in Design and Functionality by Esteemed International Jury*

COMO, CO, ITALY, January 6, 2025 /EINPresswire.com/ -- The A' Design Award, a highly prestigious and well-recognized award in the field of [cosmetic product](#) design, has announced [Bloomage Biotechnology Corporation Ltd.](#) as a winner in the Beauty, Personal Care and Cosmetic Products Design category for their innovative work, "Dual Frequency Rejuvawand". This handheld dual frequency beauty device has been recognized by the international jury for its exceptional design, advanced features, and user-friendly approach to personalized skin care.

Dual Frequency Rejuvawand

The Dual Frequency Rejuvawand aligns perfectly with the growing demand for convenient, efficient, and multi-functional skin care solutions in today's fast-paced world. By integrating advanced technologies such as radio frequency and microcurrent into a compact, easy-to-use device, Bloomage Biotechnology Corporation Ltd. has demonstrated their commitment to meeting the evolving needs of consumers while advancing industry standards and practices.

What sets the Dual Frequency Rejuvawand apart is its unique dual-sided head, which allows for targeted treatment of both the eyes and face. This innovative design feature, combined with the synergistic effects of radio frequency and microcurrent technologies, delivers comprehensive anti-aging benefits and a personalized skin care experience. The device's sleek, hexagonal body not only symbolizes smooth progress in traditional Chinese culture but also ensures a

comfortable and ergonomic grip during use.

Winning the Iron A' Design Award serves as a testament to Bloomage Biotechnology Corporation Ltd.'s dedication to excellence and innovation in the field of cosmetic product design. This recognition is expected to inspire the company's future projects and drive further advancements in the industry, as they continue to develop cutting-edge solutions that prioritize user experience, functionality, and aesthetics.

#### Team Members

The Dual Frequency Rejuvawand was designed by a talented team at Bloomage Biotechnology Corporation Ltd., including Chongtao Zhang, who led the product development; Yinglin Tan, responsible for industrial design; Zhihui Xu, in charge of electrical engineering; and Aihua Liu, who oversaw the project management.
