

Stroke Sisters Launches Kickstarter Campaign to Empower Female Stroke Survivors Worldwide

Crowdfunding Campaign Seeks \$73,000 to Develop a Free, Comprehensive Recovery App for the 57 Million Female Stroke Survivors Worldwide

KANSAS CITY, MO, UNITED STATES, January 7, 2025 /EINPresswire.com/ -- Today, [Stroke Sisters](#), Inc. proudly announces the launch of its [Kickstarter](#) campaign to support the development of a groundbreaking digital platform/mobile app designed exclusively for female stroke survivors. The platform will provide free tools, resources, and a supportive global community to help survivors navigate recovery, reclaim their confidence, and build a brighter future.

The Kickstarter campaign aims to raise \$73,000 to fund the platform's development while ensuring it remains free for all female stroke survivors. The app will include a robust resource library, progress trackers, mental health assessments, confidence-building tools, daily inspiration, and community chats—all guided by Ava, an animated avatar and fellow stroke survivor. With over 56% of stroke survivors being women, this platform addresses a critical gap in recovery support, offering survivors not only practical tools but also the encouragement and empowerment they need to thrive.
