As Chief of Staff, Dale oversees day-to-day operations, working closely with AS&P's regional managers to fulfill the organization's mission. His responsibilities include streamlining processes, supporting staff development, and enhancing patient care.

A standout initiative under Dale's leadership has been fostering stronger community ties. Leveraging his connections with the Las Vegas Metropolitan Police Department, Dale has spearheaded outreach efforts to promote overall health and wellness in the community. "It's not personal; it's business," Dale emphasizes a mantra that guides his approach to balancing empathy with effective decision-making.

From Signs to Solutions

Dale's leadership journey began long before his career in law enforcement. As a young man, he worked in the sign industry alongside his father, Dale Sr., and uncle, Dennis Jaeger, at Sign Systems Incorporated. Those early experiences shaped his understanding of teamwork, innovation, and perseverance—qualities he continues to bring to AS&P.

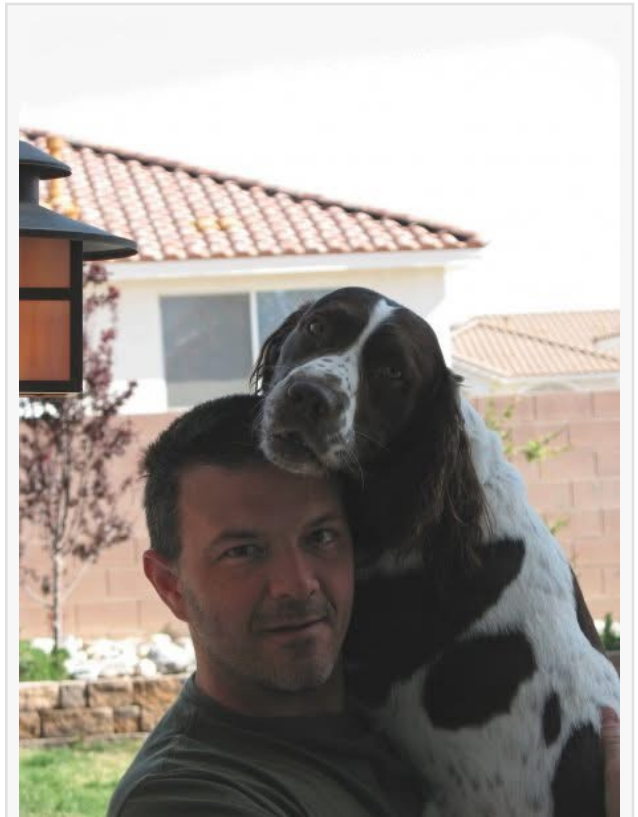

Vision for ASP

Looking ahead to 2025, Dale envisions AS&P navigating a challenging economy and post-COVID environment while continuing to deliver lifelong wellness to patients. "The most rewarding aspect of my role is the relationships I've developed with the AS&P team and our patients," Dale said. "Together, we're building a stronger, healthier future for our communities."

Dale's vision includes enhancing operational efficiency, expanding AS&P's reach, and ensuring the staff is equipped to meet evolving patient needs. His leadership is driven by a genuine commitment to improving lives and fostering a culture of collaboration.

A Life of Purpose

Beyond his professional achievements, Dale is the proud father of his daughter, Jilliene Jaeger, and remains deeply connected to his Las Vegas roots. His business, law enforcement and
