

Americover Introduces New 5' x 100' Roll Size to Pro Crawl Barrier Series for Optimal Cost Savings

Americover's New 5' x 100' Pro Crawl Barrier: Precision Waterproofing, Mold Prevention, and Cost Savings—All in One Roll.

ESCONDIDO, CA, UNITED STATES,
January 8, 2025 /EINPresswire.com/ --

Americover, a leader in protective plastic sheeting, vapor barriers, and waterproofing solutions, is proud to announce the addition of a new 5' x 100' roll size to its Pro Crawl Barrier Vapor Barrier series. This new size is specifically designed to provide efficient, reliable wall coverage for standard-height crawl spaces (36" - 4.5'), offering contractors and homeowners a precise, cost-effective solution for crawl space waterproofing and moisture protection. Certified as a Class 1 vapor retarder, the Pro Crawl Barrier ensures high performance at an affordable price, making it a trusted option for both first-time installations and upgrades.

The advertisement graphic features the Americover logo at the top left, with the tagline 'PROTECTORS FROM THE GROUND UP'. Below the logo, the text reads 'PRO CRAWL BARRIER' in large, bold letters, followed by 'A Cost-Effective Solution for Crawl Space Waterproofing'. A smaller line of text states: 'Protect Your Crawl Space with Americover: New 5' x 100' Pro Crawl Barrier Roll Now Available! Reliable Waterproofing. Easy Installation. Mold Prevention.' An 'Order Now' button is positioned below this text. On the right side of the graphic, there is an image of a roll of white Pro Crawl Barrier material. At the bottom of the graphic, there is an orange bar containing the website 'WWW.AMERICOVER.COM', the text 'MADE IN AMERICA', and the phone number '(800) 747-6095'. Below the graphic, the text 'Sized for Convenience, Built for Protection' is displayed.

Certified Class 1 Vapor Retarder for Superior Waterproofing and Moisture Protection

The Pro Crawl Barrier is a certified Class 1 vapor retarder, meeting rigorous standards for waterproofing and moisture resistance. It delivers dependable protection against water infiltration, mold, and mildew while safeguarding crawl space foundations from long-term damage. The new 5' x 100' roll size provides just the right amount of material for seamless overlap onto ground barriers, ensuring airtight coverage with minimal waste.

Convenient Online Ordering with Shipping Included

Americover's Pro Crawl Barrier and its full line of waterproofing vapor barriers are available for direct purchase on the Americover website. Online pricing includes shipping to any location within the contiguous United States. To simplify the installation process, Americover offers a full range of essential accessories, such as vapor tape, reinforced butyl tape, and ratchet fasteners,

to help achieve a durable, waterproof seal.

Comprehensive Waterproofing and Mold Prevention Options

The Pro Crawl Barrier series also features a larger 10' x 100' roll size, perfect for full ground encapsulation and achieving a complete waterproofing system. For enhanced mold prevention, the series includes an option with patented technology that resists mold growth in high-moisture environments, delivering long-term protection and healthier crawl space conditions.

Expert Guides for Efficient Installation

To support contractors and homeowners, Americover offers a library of online resources, including blogs and guides with tips on measuring and installing crawl space vapor barriers. These guides help users determine the ideal thickness and size for their waterproofing needs based on soil conditions and foundation requirements.

About Americover

Americover is a trusted supplier of protective plastic sheeting and waterproofing solutions, offering innovative products designed to protect against moisture, mold, and environmental damage. With a commitment to quality and performance, Americover provides long-lasting solutions for construction, agriculture, and other industries.
