Maxeon Solar Technologies

co-founder of Wolf River Electric. "With their cutting-edge panels and unmatched 40-year warranty, we're bringing unmatched value and reliability to our customers, while helping them take a step toward a sustainable future."

What This Partnership Means for Customers

The partnership with Maxeon brings a range of benefits to Wolf River Electric's customers:

- **Extended Warranty:** Maxeon's 40-year combined power and product warranty is the longest in the industry, ensuring long-term reliability and customer confidence.
- **High Efficiency:** Maxeon panels are among the most efficient in the world, allowing customers to generate more energy from smaller installations, saving both space and money.
- **Durability for All Climates:** Built with a solid copper foundation, Maxeon panels are designed to withstand harsh weather conditions, including freezing temperatures, high winds, and hail.

Our mission has always been to deliver the best renewable energy solutions, and this partnership with Maxeon allows us to raise the bar with their cutting-edge panels and unmatched 40-year warranty."

[Maxeon Technology: A Trusted Partner for the Future](#)

Maxeon Solar Technologies is a global leader in solar innovation with a track record of sustainability and technological excellence. Its solar panels have been trusted in over 100 countries and by organizations like NASA and OceansLab. Highlights of Maxeon's achievements include:

- Over 50 million solar panels produced and installed

worldwide.

- Record-breaking efficiency verified by the U.S. National Renewable Energy Laboratory.
- The world's first zero-waste-to-landfill solar panel factory.
- Recognition as one of the Top 50 most sustainable companies globally by Corporate Knights.

"These accomplishments make Maxeon a perfect partner for us," added Nielsen. "Their dedication to quality and sustainability mirrors our own commitment to delivering top-tier solar solutions to the communities we serve."

Building a Brighter, More Sustainable Future

Wolf River Electric's partnership with Maxeon reflects a shared vision of innovation and sustainability. Together, they are empowering Midwest communities with solar technology that

not only reduces energy costs but also contributes to a cleaner, healthier planet.

“This collaboration is about more than just business,” Nielsen continued. “It’s about creating positive change in how people think about and use energy. By combining Maxeon’s innovative solar technology with our commitment to excellence, we’re paving the way for a brighter and more sustainable future.”
