**Over 2.3 Million Users** – In just 1.5 years since its launch in June 2023, LocaChange has surpassed 2.3 million active users, spanning across over 200 countries and regions, cementing its place as a global leader in location-based services.

**Swift Resolution of the Pokémon GO “Failed to Detect Location” Error 12 Issue** – In June 2024, the company quickly addressed and resolved the critical "Error 12" issue that impacted users, showcasing LocaChange's commitment to providing reliable service and maintaining user trust.

**iOS 18 Support** – The company responded rapidly to the needs of iOS users by rolling out full support for iOS 18, ensuring a seamless experience for iPhone users on the latest operating system.

Launch of POGO Search & POGO Atlas – LocaChange introduced two powerful features for Pokémon GO players: POGO Search and POGO Atlas. These tools help players quickly locate rare IV100 Pokémon, raids, PokéStops and Gym, enhancing the gaming experience for enthusiasts around the world.

Industry-Leading [Pokémon GO Statistics Report](#) – Demonstrating its expertise and leadership in the [Pokémon GO spoofing](#) space, LocaChange released a comprehensive statistics report. The data provided key insights into in-game locations, rare Pokémon, and trends, further solidifying LocaChange’s reputation as a trusted resource for Pokémon GO players.

Looking ahead to 2025, LocaChange is poised for even more growth and innovation. The company plans to enhance its offerings with new features designed to support a wider range of location-based activities, from regular location changes to full-scale Pokémon GO spoofing. The goal is to provide users with even more control and flexibility across various use cases, ensuring the app remains an indispensable tool for gaming, privacy, and personal convenience.

With over 2.3 million users and a strong foundation built on reliability and innovation, LocaChange is set to continue leading the location-changing app industry into the new year.
