TAMPA , FL, UNITED STATES, January 14, 2025

[/EINPresswire.com/](https://EINPresswire.com/) -- The Florida Mesothelioma Victims Center says, "We have endorsed the Gori Law Firm for a current or former plumber who has just been diagnosed with mesothelioma or asbestos exposure lung cancer anywhere in Florida. The Gori Law Firm has an office in Orlando, they are one of the nation's largest law firms with a specialty in mesothelioma and asbestos exposure lung cancer and their amazing legal team has decades worth of experience assisting plumbers with financial compensation for these asbestos exposure types of cancer.

"Prior to the early 1980s a plumber might have had exposure to asbestos on a daily basis and some of these exposures might have been significant. These types of routine asbestos exposures include repairing boilers that were insulated with asbestos, replacing plumbing pump vales or gaskets that were made with asbestos, replacing hot water tanks, and or digging around wall insulation looking for a plumbing leak. A plumber might have also had routine exposure to asbestos at a factory, power plant, steel mill, chemical plant, at a shipyard or as a member of an industrial repair crew.

"If your husband or dad is a former plumber and they have just been diagnosed with mesothelioma or lung cancer anywhere in Florida please call the Gori Law Firm at 866-532-2106

to discuss financial compensation. When it comes to compensation for a person with mesothelioma or asbestos exposure lung cancer in Florida the Gori Law Firm has no equal."
