

Archive Intel Secures \$1.5 Million in Additional Funding to Expand AI-Driven Compliance Archiving Solutions

Funding Fuels Expansion as Archive Intel Surpasses 220 Clients and 2,000 Users in Just Six Months, Highlighting Rapid Growth and Market Demand.

ATLANTA, GA, UNITED STATES, January 13, 2025 /EINPresswire.com/ -- — Archive Intel, a leading provider of AI-powered compliance archiving solutions, today announced it has raised an additional \$1.5 million in funding led by Garuda Ventures, a premier pre-seed and seed-stage investment firm based in San Francisco, with participation from existing investor Social Leverage. It also announced it ended 2024 with 220 clients and over 2,000 users after only six months on the market, demonstrating the strength of its product offering and tremendous market need.

Seamless Compliance, Powered by AI

“Archive Intel is the perfect product to meet the needs of today’s economy,” said Alexandra Stickelman, CCO of ROffice. “Clients want to communicate with their investment professionals through multiple channels. Archive Intel’s AI-driven compliance archiving solutions allow us to do so knowing we’re covered.”

Garuda Ventures, known for its operator-driven approach to supporting ambitious founders, backs Archive Intel’s vision of becoming an industry leader in compliance technology. “Archive Intel’s innovative platform and leadership team are well-positioned to shape the future of communication compliance,” said [Rishi Taparia](#), Co-Founder and General Partner of Garuda Ventures. “We are excited to partner with Archive Intel as they redefine how financial institutions meet regulatory requirements.”

Our mission has always been to make compliance seamless, efficient, and future-ready”

Larry Shumbres, CEO

“Archive Intel has proven its ability to address critical industry pain points with scalable, cutting-edge solutions,” said [Howard Lindzon](#), Founder and Managing Partner of Social Leverage. “We’re proud to continue supporting their growth.” This funding will strengthen Archive Intel’s position as a leader in AI-powered compliance solutions by expanding integrations, scaling infrastructure, and driving innovation across its platform.

“Our mission has always been to make compliance seamless, efficient, and future-ready,” said [Larry Shumbres](#), CEO of Archive Intel. “This additional funding validates our approach and enables us to continue delivering innovative solutions that empower our clients to stay ahead of regulatory challenges.”

Archive Intel’s platform addresses the growing need for a modern, secure, and easy-to-use compliance solution. By leveraging AI, the platform reduces false positives, simplifies compliance workflows, and supports a wide range of communication channels. With regulatory scrutiny on the rise, Archive Intel is positioned to become the trusted partner for firms looking to maintain compliance without compromising efficiency.
