

Sam Barringer Releases New Book, 'The Days of Judgment Cycle: Vol. 1 The Forgotten People'

Sam Barringer's new novel blends ancient myths, extraterrestrials, and conspiracies in a suspenseful tale of discovery and survival.

SHELTON, WA, UNITED STATES, January 11, 2025 /EINPresswire.com/ -- Author Sam Barringer's

The Days of Judgment Cycle: Vol. 1 The Forgotten People challenges readers to uncover the untold stories that shape our reality and define our future."

Sam Barringer

latest novel, "The Days of Judgment Cycle: Vol. 1 The Forgotten People," is a fascinating mix of history, speculative fiction, and myth, revealing secrets buried in the annals of time. This thought-provoking narrative incorporates Biblical history, ancient myths, and present-day events into a story that explores Bigfoot, extraterrestrial life, and a government conspiracy that could change the world forever.

The Story:

Set across decades and entangled with complex layers of mystery and suspense, "The Days of Judgment Cycle: Vol. 1 The Forgotten People" opens with a defining moment in 1947: a secret treaty between humans and extraterrestrials. This confidential agreement sets into motion a series of events that ripple through time, binding humanity's future to its shadowy past. Lieutenant Lewis Cooper's mission to Area 51 reveals a concealed world of advanced technology, secret experiments, and precarious alliances that could alter the delicate balance of global peace.

In the present day, the story shifts to Robert Mason, a Seattle-based college professor whose life takes an unexpected turn when he finds ancient artifacts and buried conspiracies tied to humanity's forgotten history. As Robert digs deeper, he finds connections to Biblical times, unexplained phenomena like Bigfoot, and government conspiracies that challenge everything he thought he knew about the world and his heritage.

Robert's journey introduces him to a host of extraordinary characters, including legendary figures such as Merlin and the Spirit of King Arthur, as well as hidden tribes who have remained untouched by modern civilization. From the deserts of Nevada to remote and mysterious

landscapes, the narrative seamlessly entangles myth and reality, creating a rich web of discovery and conspiracy.

The fate of the world hangs in the balance as the Holy Ones, united against a common enemy, fight for the preservation of their home and the future of all living things. Robert and Dave, now transformed by their experiences, stand as symbols of hope and resilience in a world teetering on the brink of destruction.

Conclusion:

At its core, "The Days of Judgment Cycle: Vol. 1 The Forgotten People" explores themes of unity, cultural preservation, and the ongoing struggle between secrecy and revelation. It raises profound questions about what might happen if long-hidden truths—such as extraterrestrial life and cryptids like Bigfoot—were revealed to the world. As Robert deciphers cryptic messages and confronts ancient guardians, he embarks on a journey that is not just about discovering the past but protecting the future of humanity.

About the Author:

Sam Barringer was born in Florida and raised in Shelton, WA. He is a father of two. He loves being outdoors: fishing, hunting, and camping. Indoors, he likes to play pool, darts, and poker. Fantasy novelist Robert Jordan has inspired Sam's writing.
