NEW YORK CITY, NY, UNITED STATES, January 12, 2025

[/EINPresswire.com/](https://EINPresswire.com/) -- Building on strong grassroots momentum, Stein is poised to challenge the status quo and offer the district's constituents a fresh voice committed to progress, transparency, and accountability.

In the recent endorsement vote at the local Democratic club, Stein delivered an impressive performance, garnering significant support in a race against an entrenched incumbent. Despite the challenges of running against an incumbent who has never faced a primary, Stein's showing was a powerful indicator of the community's readiness for change.

"The numbers speak for themselves," Stein said. "Our campaign's strength demonstrates that voters in this district are eager for new leadership and are ready to have their voices heard at the ballot box in June. For too long, the district has lacked a competitive primary process for this party position. This changes now."

This campaign marks the first time in years that constituents in AD76 will have a real opportunity to decide their representation for District Leader through a primary election. Stein is committed to earning the trust of every voter, ensuring their concerns are heard, and advocating for meaningful change.

"I am excited to begin petitioning with my team on February 25th and look forward to meeting constituents throughout the neighborhood," Stein added. "This campaign is about creating an inclusive and transparent Democratic Party that listens to the people it represents. Together, we can build a stronger community."
