Rise in popularity of dining-out culture, increase in number of small-sized foodservice entities, and expansion of the food-service industry in emerging countries drive the

growth of the global [commercial undercounter dishwasher](https://www.alliedmarketresearch.com/commercial-undercounter-dishwasher-market) market. However, long replacement cycles and high cost of investment restrain the market growth. On the other hand, penetration of robotics and artificial intelligence-guided dishwashers and advent of smart dishwashers present new opportunities in the coming years.
