

Beyond Insights hosting Symposium 2025 with the theme Investment Strategies for a Changing World: Navigating Megatrends

*The Vision Behind the Symposium
Empowering Retail Investors with the
right knowledge about stocks investments*

PETALING JAYA, SELANGOR, MALAYSIA, January 15, 2025 /EINPresswire.com/ -- Beyond Insights is proud to announce the [Beyond Insights Symposium 2025](#), a landmark event that brings together global thought leaders, industry experts, and investors to revolutionize the way individuals approach investment amidst transformative megatrends. Scheduled from January 6 to December 31, 2025, this event is set to empower retail investors with the tools and insights traditionally reserved for institutional players.

Empowering Retail Investors: The Vision Behind the Symposium

Founded by Kathlyn, the Director and Chief Trainer of Beyond Insights, this Symposium embodies her mission to bridge the gap between institutional and retail investors. With a career spanning over three decades, Kathlyn has seen firsthand the pitfalls of a bottom-up stock analysis approach that overlooks broader macroeconomic contexts. Her vision for the Symposium is deeply rooted in her belief that financial education can transform lives.

“The stock market is often six to nine months ahead of the economy,” explains Kathlyn. “Institutional investors leverage this understanding to stay ahead, but retail investors are often left behind. The Symposium is about leveling the playing field.”

This event aligns seamlessly with Beyond Insights’ mission of “Bringing out the best in you and

Event Poster

your financial future,” equipping attendees to navigate the complexities of the global financial landscape.

A Focus on 6 Transformative Megatrends

The 2025 Symposium delves into six transformative megatrends reshaping industries globally, including:

Artificial Intelligence

Clean Energy

Big Data

“These megatrends aren’t just opportunities; they’re glimpses into the future of global industries,” says Kathlyn. “Imagine being fully prepared to act before these trends reach their peak.”

A World-Class Lineup of Speakers

“

These megatrends aren’t just opportunities; they’re glimpses into the future of global industries. Imagine being fully prepared to act before these trends reach their peak.”

Kathlyn Toh

delving into technology’s impact on ASEAN’s public sector.

Ken Low, Head of Dealings at Moomoo Securities Malaysia, providing market insights and strategies.
