

# Introducing The AI Mindset, a book about Civilization's Next Big Disruption by Erik Seversen and AI Experts

*The book not only helps readers to develop an "AI Mindset"—a mentality that embraces innovation while remaining alert to its consequences.*

LOS ANGELES, CA, UNITED STATES, January 14, 2025 /EINPresswire.com/ -- As artificial intelligence (AI) continues to reshape industries and societies at an unprecedented pace, [Erik Seversen](#), along with 32 global AI experts, is thrilled to announce the release of [THE AI MINDSET: THRIVING WITHIN CIVILIZATION'S NEXT BIG DISRUPTION](#). This groundbreaking book offers readers a comprehensive roadmap to navigate the promise and perils of AI with confidence, clarity, and purpose.

Are You Ready for an AI-driven world?

AI is no longer a futuristic concept—it's here, and it's transforming the way we work, communicate, and live. But with great power comes great responsibility. THE AI MINDSET highlights this duality, equipping readers with the tools to embrace the opportunities AI presents while remaining vigilant about its potential challenges. By blending visionary insights with actionable strategies, this book empowers individuals and organizations to thrive in the era of AI-driven change.

To have as vast a collection of knowledge as possible regarding Artificial Intelligence, the AI experts in this book are AI professionals, engineers, professors, and thought leaders from around the world. They include Nicolas Affolter, Sandali Amunugama, Emily Barnes, EdD, PhD, Hans van den Berg, Monika Bishnoi, Fabian Bocek, PhD, Fabio Brand, B. A. Marbue Brown, Nigel Cannings, Rodrigo Cantú Polo, Emelie Chandni Jutvik, Lucy Chen, Hermann Escher, Isabelle Flückiger, Carl Jones, Kerry Kurcz, Rudy Martinez, Dr. Michael T.
