## About the Author

David E. Tuttle is a Renaissance man whose life journey has been as diverse as it is inspiring. A Reiki Master/teacher, Tuttle has also served as a U.S. Army combat medic in Asia, a financial consultant (CLU, CHFC), a newspaper journalist, and a press agent for both the Ohio Secretary of State and an Ohio House political caucus.

Tuttle holds a B.S. degree from Ohio University and an M.A. degree from The Ohio State University. His adventurous spirit has taken him across the globe to 25 countries, where he has scuba dived at the Great Barrier Reef, skydived in New Zealand, and explored the wonders of

Egypt, Uganda, Kenya, and Chile. Now residing in the Boise foothills, Tuttle finds joy in outdoor athletic pursuits and continues to inspire others through his spiritual teachings and writings.

The inspiration behind this book is as remarkable as the content itself. Twelve years ago, three different psychics independently urged him to write, prompting him to start a blog. This initial step laid the groundwork for what would become a larger spiritual calling.

More recently, a psychic at a bookstore in Traverse City, Michigan, delivered a message from Tuttle's guides and angels: they wanted him to do more. At the time, Tuttle had been ignoring emails about a writing class taught by world-renowned psychic James Van Praagh. The psychic's message came just two days before the class deadline, compelling Tuttle to take a leap of faith.
