

Archipelago by ITLs Wins Iron A' Design Award in Landscape Planning and Garden Design Category

ITLs Receives Prestigious Recognition for Innovative Show Garden Inspired by South Korea's Coastal Scenery

COMO, CO, ITALY, January 15, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized accolade in the field of landscape design, has announced [ITLs](#) as a winner in the Landscape Planning and Garden Design category for their exceptional work titled "[Archipelago](#)." This prestigious recognition highlights the significance of the A' Design Award within the landscape design industry, positioning it as a sought-after honor for designers and firms.

The A' Landscape Planning and Garden Design Award holds great significance for the industry and its stakeholders.

By recognizing innovative and impactful designs like Archipelago, the award promotes advancements in landscape design practices and sets new standards for excellence. This recognition not only benefits the winning entity but also inspires other professionals to push the boundaries of creativity and functionality in their own projects.

Archipelago, the award-winning show garden by ITLs, showcases a captivating fusion of art, technology, and nature. Inspired by the coastal scenery of South Korea's South Sea, the installation captures the essence of the region's topography through a unique design process. By utilizing sand for concept modeling and laser scanning for topographical design, ITLs has created a mesmerizing landscape that highlights the natural beauty of the coastline while incorporating innovative techniques.
