rSTAR Technologies and eSec Forte Technologies Announce Partnership to Deliver Advanced Cybersecurity Solutions

WESTMONT, IL, UNITED STATES, January 22, 2025 /EINPresswire.com/ -- rSTAR Technologies, a leading system integrator and eSec Forte Technologies, a leading provider of cybersecurity solutions, today announced a strategic partnership to deliver cutting-edge cybersecurity consulting and services to rSTAR's clients.

This partnership combines the expertise of rSTAR and eSec Forte Technologies to provide comprehensive IT security that addresses the evolving threats faced by organizations. The partnership will enable both companies to leverage each other's strengths and provide enhanced services.

rSTAR and eSec Forte Technologies announce strategic partnership to deliver cybersecurity solutions.

"rSTAR Technologies is committed to offering our clients the best technology consulting and services," said Vivek Ahuja, rSTAR Vice President of Technology. "Our partnership with eSec Forte, one of the top 10 cybersecurity firms in India, enables us to provide comprehensive security recommendations to every project. It adds extensive cybersecurity expertise to our strong practice areas of integration and data strategy, IT automation, AI transformation, and customer experience."

"We are excited to partner with rSTAR to deliver advanced cybersecurity solutions to the U.S. markets," said Kunal Bajaj, CBO of eSec Forte Technologies. "This partnership will help increase our penetration in Global Markets and will focus on delivering advanced cybersecurity solutions, including threat detection, incident response, and security consulting services."

Both companies will work together to develop and deliver customized information security

strategies and approaches that meet the specific needs of their customers.

"eSec Forte Technologies' services are an ideal match for our system integration expertise," said Danny Asnani, Vice President, Client Engagement, rSTAR Technologies. "Their knowledge enhances our strengths in AI, Cloud, DevOps, and DevSecOps. Together, we can deliver highly relevant solutions that adhere to the security governance and standards of the manufacturing, energy, utility, and CPG sectors. This partnership combines rSTAR's domain expertise and industry understanding with eSec Forte's cybersecurity depth, bringing significant value to our clients."
