“Our refill station is one of the easiest and most cost-effective ways to try something new this year,” says Greenbriar owner Shawn Kearns. “Instead of buying new, customers can refill household essentials like laundry detergent, hand soap, and cleaning products at a fraction of the price—and without all the waste.”

Greenbriar Market's refill station has become a cornerstone for conscious consumers in the Calgary area, offering high-quality, eco-friendly products at a lower cost than traditional packaging. By reusing containers instead of purchasing new ones, customers can enjoy significant savings while reducing single-use plastic waste.
