

Wolf River Electric Announces the Launch of Xcel Energy's 2025 Solar*Rewards Program

ISANTI, MN, UNITED STATES, January 17, 2025 /EINPresswire.com/ -- Wolf River Electric, one of the leading solar power companies in Minnesota, is thrilled to announce the highly anticipated launch of Xcel Energy's 2025 Solar*Rewards Program, beginning January 8, 2025, at 8:00 AM CST. This program offers incredible opportunities for homeowners, businesses, and organizations to save on solar panel programs and adopt clean energy solutions. With a robust incentive budget of \$5.7 million, it's a game-changer for those looking to lower their solar cost and transition to renewable energy.

In addition to the Solar*Rewards Program, Wolf River Electric encourages customers to explore Minnesota's Energy Storage Incentives. These rebates promote energy independence and reliability, making it easier than ever to pair solar systems with on-site energy storage solutions. For details, visit the Minnesota Department of Commerce's Energy Storage Systems page.

Key Highlights of the 2025 Solar*Rewards Program

Overall Incentive Budget:

\$5,700,000 (excluding roll-over funds from the 2024 program, which will be finalized soon).

- o Up-front: \$1.00/W
- o PBI: \$0.02/kWh

IQ For-Profit Entities:

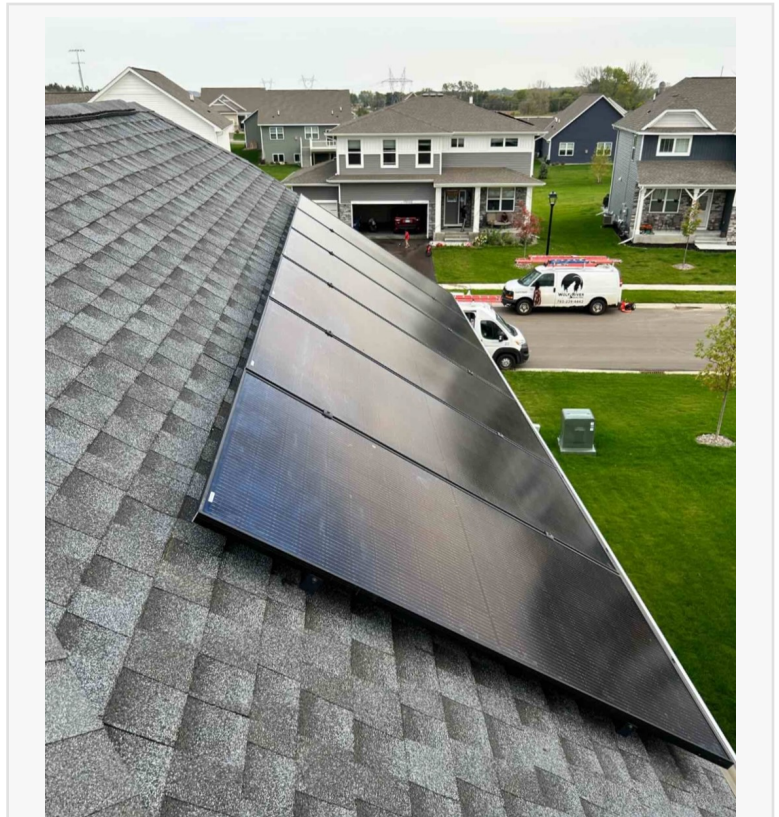

- o Up-front: \$0.50/W
- o PBI: \$0.02/kWh

Energy Storage Incentives: The Perfect Match for Solar Power Projects

To complement the Solar*Rewards Program, Minnesota's Energy Storage Incentives make integrating on-site energy storage systems simple and effective. These incentives maximize the savings from solar power projects and enhance reliability. Whether one is considering solar panels or simply planning to add storage to an existing solar panel system, using a Wolf River solar roof calculator to estimate savings could be a good approach to learn about solar options.

Why Choose Wolf River Electric?

As a trusted solar power company, Wolf River Electric is dedicated to helping customers navigate and optimize solar panels programs like Solar*Rewards and Energy Storage Incentives. They also provide expertise on solar cost and finding the best solutions for homeowner and business needs.

Wolf River Electric on the Job

Wolf River Electric Solar Storage

The Wolf River Electric team specializes in designing systems with trusted technologies like Tesla, Enphase, REC, or Moxeon solar panels, offering personalized support to homeowners, businesses, and organizations across the Midwest. Customers searching for a solar panel

company in Minnesota will find the expertise they need with Wolf River Electric.
