

AsiaRF to Attend Wireless Global Congress APAC 2025, CEO Paul Lai to Deliver Keynote Speech

NEW TAIPEI CITY, TAIWAN, January 16, 2025 /EINPresswire.com/ -- [AsiaRF](#) will participate as a sponsor in the [Wireless Global Congress APAC 2025 \(WGC\)](#), organized by the Wireless Broadband Alliance (WBA), to be held from January 21-23, 2025 in Bangkok, Thailand. The event will feature a January 21st session open to all Wi-Fi industry enthusiasts, followed by a two-day closed-door workshop on January 22-23 for members, addressing key wireless industry issues and demonstrating how these developments can benefit various sectors.

The graphic is a blue and white promotional banner for the Wireless Global Congress APAC 2025. It features the event logo on the left, the dates 'WGC APAC JAN 21 - JAN 23' on the right, and a circular portrait of Paul Lai, CEO of AsiaRF. Below the portrait, it lists him as a 'CONFIRMED SPEAKER' for a session on 'Wi-Fi HaLow vs. Wi-Fi 7' on 'TUESDAY, JANUARY 21 - 1:00PM ICT'. The bottom of the graphic includes the text 'AsiaRF to Attend Wireless Global Congress APAC 2025'.

Advancing Wireless Broadband Technology Innovation

As a sponsor, AsiaRF will showcase its leadership in wireless technology and engage with industry experts from around the globe. Paul Lai, CEO of AsiaRF, will deliver a keynote speech on January 21st at 1:00 PM, sharing the company's latest advancements in driving wireless broadband innovation and future connectivity solutions.

We are excited to be a sponsor at WGC APAC 2025 and look forward to engaging with industry leaders in-depth on the future of wireless connectivity."

Paul Lai, CEO of AsiaRF

Showcasing Wi-Fi 7 and Wi-Fi HaLow Technologies to Drive Global Markets

At WGC APAC 2025, AsiaRF will present its innovative solutions, particularly Wi-Fi 7 and Wi-Fi HaLow

technologies. These technologies not only provide high-performance, high-speed connectivity but also significantly enhance the stability and energy efficiency of IoT and mobile applications, driving industry development.

Leading Technology to Foster Business Innovation and Smart Connectivity

As a pioneer in wireless technology, AsiaRF is committed to expanding the boundaries of wireless applications. Whether enhancing business operations, extending coverage, or enabling smarter IoT solutions, our solutions provide robust support for various industries. Attendees can expect to gain valuable insights into future industry trends and interact with AsiaRF's professional team to explore how to leverage our advanced technologies for business breakthroughs.

About AsiaRF

AsiaRF is a leading provider of innovative wireless broadband solutions, specializing in Internet of Things (IoT) and Wi-Fi HaLow technologies. The company is dedicated to delivering high-performance, reliable, and energy-efficient solutions that meet the evolving global connectivity demands, while continuously advancing wireless technology.
