

# Pine Hosting Launches Enhanced Minecraft Hosting with New Features and Perks for its Dedicated Users

*Massive upgrades make Pine Hosting's Minecraft servers more powerful, user-friendly, and affordable than ever before.*

SAN ANTONIO, TX, UNITED STATES, January 17, 2025 /EINPresswire.com/ -- [Pine Hosting](#), a popular game hosting solution provider, has announced significant upgrades to its [Minecraft hosting services](#). The enhancements include new features designed to continue to deliver unparalleled performance, ease of use, and flexibility—all at a new, highly competitive entry-level price of \$3 per month.

The updated hosting platform includes a range of features aimed at simplifying the setup and management of Minecraft servers for both new and experienced users. Key upgrades include a one-click Modpack Installer, allowing players to install and manage popular [modpacks](#) effortlessly, and a Version Switcher for easy transitions between Minecraft versions. Pine Hosting's bespoke control panel ensures an intuitive experience, offering tools like instant server deployment, task scheduling and a file manager.

Performance remains a top priority, with Pine Hosting leveraging cutting-edge hardware and global server locations to deliver low latency, reliable uptime (99.99%), and smooth gameplay—even for resource-intensive modded setups. Built-in DDoS protection ensures secure and uninterrupted gaming, while the 24/7 support team provides expert assistance around the clock.

The reduced entry-level price of \$3 per month makes Pine Hosting an even more attractive option for gamers looking to create private servers or public communities. The new pricing ensures high-quality hosting is within reach for Minecraft fans while improving features and reliability overall.
