

# Leika by Nimrod Shani Wins Iron A' Design Award in Furniture Accessories Category

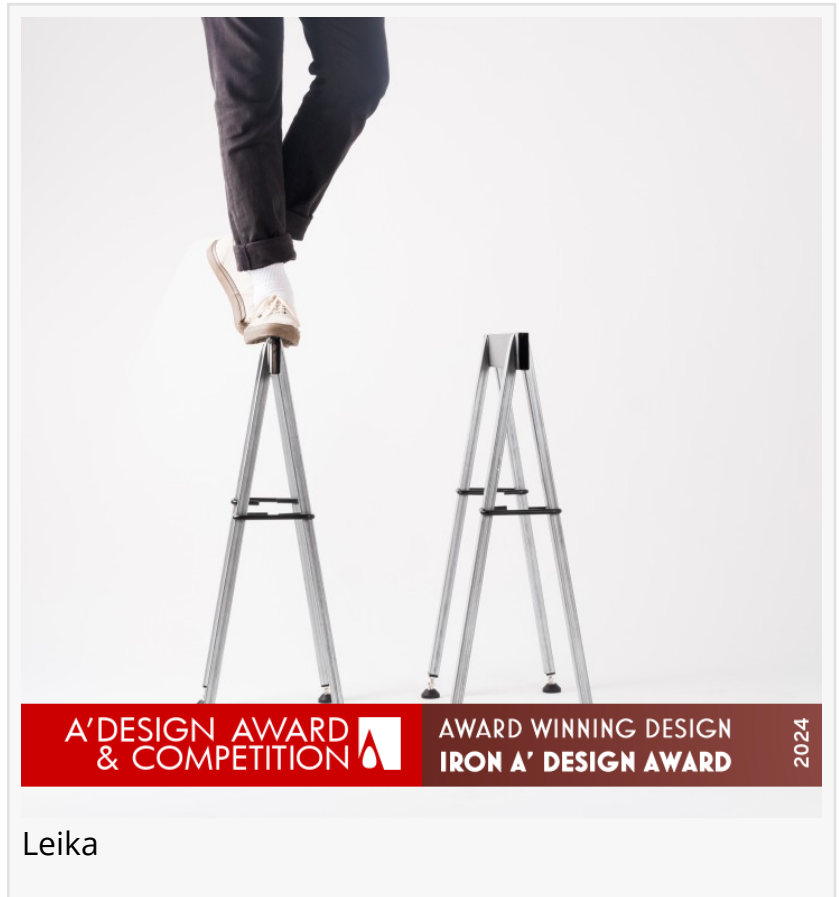

*Innovative Metal Trestles Design  
Recognized for Excellence in Furniture  
Accessories, Hardware and Materials  
Design*

COMO, CO, ITALY, January 17, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of furniture accessory design, has announced [Leika](#) by [Nimrod Shani](#) as a winner of the Iron A' Design Award in the Furniture Accessories, Hardware and Materials Design category. This prestigious accolade highlights the significance of Leika within the furniture industry, acknowledging its innovative design and exceptional craftsmanship.

Leika's award-winning design showcases the relevance of simplicity and functionality in contemporary furniture accessories. By utilizing cutting-edge laser profile cutting technology, Nimrod Shani has created a product that aligns with current industry trends and meets the practical needs of users. The metal trestles not only offer a durable and stable solution but also contribute to the advancement of furniture accessory design standards.

What sets Leika apart is its ability to combine simplicity with innovation. The industrial profile is strategically weakened through laser cutting, allowing for easy bending and assembly. The closing profile securely locks into place with a satisfying click, creating a geometric lock that ensures strength and stability. Crafted from galvanized metal, Leika guarantees a long lifecycle and the capacity to withstand substantial loads.

Receiving the Iron A' Design Award serves as a testament to Nimrod Shani's dedication to pushing the boundaries of furniture accessory design. This recognition not only validates the

merits of Leika but also inspires the designer to continue exploring innovative solutions that enhance the functionality and aesthetics of furniture accessories. The award acts as a catalyst for future projects, driving Nimrod Shani to maintain a high standard of excellence in design.

#### About Nimrod Shani

Nimrod Shani, a 33-year-old industrial design student, brings a unique perspective to his craft by combining his background in civil engineering and innovation with his passion for design. His ability to approach design as both a designer and an engineer allows him to deeply understand materials and break down limitations. Nimrod's diverse background empowers him to explore design from multiple angles, resulting in a fusion of creativity and technical knowledge that guides his journey in the field.

#### About A' Design Award

The Iron A' Design Award is a prestigious recognition granted to designs that meet the rigorous professional and industrial standards set by the A' Design Awards. Recipients of this award are acknowledged for their practical innovations and contributions to their respective fields, providing solutions that improve quality of life and foster positive change. The Iron A' Design Award celebrates designs that demonstrate a solid understanding of design principles, showcase creativity in their execution, and address real-world challenges through thoughtful design.

#### About A' Design Award

The A' Design Award is an international and juried design competition that has been recognizing and promoting superior products and projects since 2008. With a mission to make the world a better place through the power of good design, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact society. By showcasing pioneering designs on a global stage and celebrating the creative minds behind them, the A' Design Award drives forward a cycle of inspiration and advancement.
