

\$PROGA Crypto Token Launching to Fund Progressive Voices and Defend Democratic Principles

\$PROGA token launches January 20, 2025, to fund progressive media, influencers, and groups committed to equality and democratic values.

WASHINGTON, DC, DC, UNITED STATES, January 20, 2025 /EINPresswire.com/ -- A [collective](#) of everyday Americans dedicated to progressive causes and the foundational democratic principles envisioned by the Founding Fathers announces the launch of the [\\$PROGA](#) cryptocurrency token. The official launch is scheduled for January 20, 2025, at 12:00 PM EDT, coinciding with the inauguration of the 47th President.

\$PROGA is designed to provide financial support to notable progressive podcasters, influencers, and advocates. Additionally, it will fund political action groups that, while not strictly progressive, are committed to upholding democracy and recognize the authoritarian threats posed by movements such as MAGA and initiatives like Project 2025.

The [tokenomics](#) of \$PROGA include a transaction tax mechanism, ensuring that a portion of every transaction perpetually funds the progressive voices and organizations it supports. This structure reflects the commitment of its creators to counteract the dominance of right-wing media narratives, which are often backed by secretive organizations and billionaire interests. Decentralized Finance (DeFi) attributes of crypto have been corralled by Libertarian and Right Wing supporters and media outlets, yet research indicates nearly half of all crypto buyers identify as Progressive or Left leaning.
