

# Animal Health Diagnosis Market Climbing to 22.91 Billion USD at 6.12% CAGR Growth by 2032

*The Animal Health Diagnosis Market is projected to reach \$22.91 billion by 2032, driven by rising global meat consumption, increasing animal disease outbreaks*

US, NY, UNITED STATES, January 23, 2025 /EINPresswire.com/ -- Animal

Health Diagnosis Market Growth Analysis By Application (Disease Diagnosis, Pregnancy Diagnosis, Genetic Testing, Veterinary

Epidemiology, Pathogen Detection), By

Technology (Molecular Diagnostics, Serological Diagnostics, Imaging Diagnostics, Histopathology, Cytology), By Sample Type (Blood, Urine, Feces, Tissue, Saliva), By Animal Type (Companion Animals (Dogs, Cats), Livestock (Cattle, Pigs, Poultry), Aquaculture Animals, Exotic Animals, Laboratory Animals), By End User (Veterinary Clinics, Veterinary Hospitals, Animal Health Laboratories, Research Institutions, Animal Owners) and By Regional - Industry Forecast to 2032.

## Animal Health Diagnosis Market Overview

[Animal Health Diagnosis Market Size](#) was estimated at 13.43 Billion USD in 2023. The Animal Health Diagnosis Market Industry is expected to accelerate its revenue from 14.25 Billion USD in 2024 to 22.91 Billion USD by 2032. The Animal Health Diagnosis Market CAGR is expected to grow 6.12% during the forecast period (2025 - 2032). The animal health diagnosis market includes diagnostic products and services designed to monitor and diagnose health conditions in animals, ranging from household pets to livestock. Veterinary diagnostics are essential for early disease detection, monitoring animal health, and ensuring food safety in agriculture. The market is driven by increasing pet ownership, the rise of zoonotic diseases, and the growing importance of animal agriculture. As consumers and industries become more conscious of animal welfare, demand for rapid, accurate, and cost-effective diagnostic tools is rising. Key technologies in the market include point-of-care diagnostics, imaging systems, laboratory tests, and molecular

diagnostics. The market is also benefiting from the increasing adoption of digital solutions, such as telemedicine and digital health platforms for animals, which are helping veterinarians diagnose and treat animals remotely.

Top animal health diagnosis market Companies Covered In This Report:

BD

Qiagen

Roche Diagnostics

Charles River Laboratories

Agilent Technologies

Zoetis

Merck KGaA

Biomérieux

LGC

Thermo Fisher Scientific

Eurofins Scientific

Neogen Corporation

Abbott Laboratories

IDEXX Laboratories

Randox Laboratories

#### Key Benefits:

The animal health diagnosis market report provides a quantitative analysis of the current market and estimations through 2025-2032 that assists in identifying the prevailing market opportunities to capitalize on.

The study comprises a deep dive analysis of the market trend including the current and future trends for depicting the prevalent investment pockets in the market.

The report provides detailed information related to key drivers, restraints, and opportunities and their impact on the market.

The report incorporates a competitive analysis of the market players along with their market share in the global market.

The SWOT analysis and Porter's Five Forces model is elaborated in the study of animal health diagnosis market.

By triangulating data from multiple sources, this approach helps validate findings and generate new insights. The analysis encompasses the assessment of research design, data collection techniques, sampling methods, and data analysis tools utilized in the study. By examining these elements, the analysis aims to determine the reliability, validity, and generalizability of the research findings.

Factors such as the alignment of study design with research objectives, appropriateness of data collection methods, representativeness of sampling techniques, suitability of analytical methods, and adherence to ethical considerations are carefully evaluated.

Our accuracy, reliability, and timeliness are our main priorities when preparing our deliverables. We want our clients to have information that can be used to act upon their strategic initiatives. We, therefore, aim to be your trustworthy partner within dynamic business settings through excellence and innovation.

We have a team of experts who blend industry knowledge and cutting-edge research methodologies to provide excellent insights across various sectors. Whether exploring new market opportunities, appraising consumer behaviour, or evaluating competitive landscapes, we offer bespoke research solutions for your specific objectives.
