

Las Vegas Dental Group Unveils Glidewell™ Clear Aligners: Powered by ProMonitoring™

Next-Generation Aligner Therapy Offers Remote Monitoring, Greater Convenience, and Exceptional Results

LAS VEGAS, NV, UNITED STATES, January 24, 2025 /EINPresswire.com/ -- [Las Vegas Dental Group](#) (LVDG) is announcing the launch of Glidewell™ [Clear Aligners](#): Powered by ProMonitoring™, an innovative approach to orthodontic care in the Las Vegas area. This advanced treatment system incorporates remote monitoring technology developed by ProMonitoring™ to help patients achieve straighter smiles with fewer in-office visits and personalized support throughout treatment.

“We are excited to offer Glidewell™ Clear Aligners: Powered by ProMonitoring™ as part of our commitment to delivering the best possible patient experience,” said Dr. Nicholas Maffeo, Lead Dentist at Las Vegas Dental Group. “By combining high-quality clear aligners with real-time remote monitoring, we can streamline treatment, encourage better compliance, and achieve faster results.”

How ProMonitoring™ Works

Las Vegas Dental Group LVDG

Initial Assessment:

Patients begin with a comprehensive consultation at LVDG. Advanced 3D scans and digital impressions are taken to create a customized treatment plan for each patient's unique smile goals.

Aligner Delivery and Instructions:

Once the custom aligners are fabricated, patients receive their sets along with detailed guidance. Each set of aligners is worn for a prescribed length of time to gradually shift teeth into the desired positions.

Remote Check-Ins:

Patients use a secure mobile or web application to upload regular images of their teeth. ProMonitoring™ employs AI and digital analysis tools to evaluate tooth movement and aligner fit, helping ensure treatment remains on track.

Real-Time Feedback:

The LVDG team reviews progress as it happens, identifies any potential issues early on, and communicates directly with patients. This proactive approach reduces unnecessary in-office visits while maintaining personalized care.

“We are excited to offer Glidewell™ Clear Aligners: Powered by ProMonitoring™ as part of our commitment to delivering the best possible patient experience,” said Dr. Nicholas Maffeo, DMD”

Clear Aligner Therapy

Clear Aligners Las Vegas Dental Group

Fewer Office Visits, Better Outcomes:

Ongoing virtual oversight ensures that patients only need to come in when truly necessary, saving time and increasing treatment efficiency.

Key Benefits of Glidewell™ Clear Aligners: Powered by ProMonitoring™

- Discreet and Comfortable: The aligners are crafted from transparent, smooth materials, making them nearly invisible and gentle on gums and cheeks.
- Convenient and Removable: Patients can remove the

aligners for meals and oral hygiene, which fits easily into their daily routines.

- Enhanced Accuracy: Real-time tracking promotes consistent progress, minimizing the risk of misalignment.
- Greater Compliance: Regular monitoring supports proper aligner use, which can improve overall treatment outcomes.
- Optimized Treatment Times: Combining advanced aligners with remote oversight helps achieve an aligned smile more quickly.
