

Transforming Care: Spencer Health Solutions and PharMerica Partner to Simplify Medication Management and Improve Lives

Empowering Patients with Seamless Medication Support: A Partnership to Improve Adherence and Enhance Health Outcomes

MORRISVILLE, NC, UNITED STATES, January 21, 2025 /EINPresswire.com/ --

In a move set to redefine how medication is managed, [Spencer Health Solutions](#) (SHS), a leader in innovative healthcare technology, and PharMerica, one of the nation's largest and most trusted long-term care pharmacy services provider, are joining forces. This transformative partnership aims to make managing medications easier and more reliable for individuals with complex medication needs, senior living communities, and payers nationwide.

The future of medication management is here.

“

We are excited to partner with PharMerica to make spencer® accessible to more people who can benefit from reliable medication management, creating a more connected and seamless approach to care.”

Tom Rhoads, CEO of Spencer Health Solutions

This collaboration brings spencer®, the smart [medication dispenser](#), to a broader audience, offering an effective, user-friendly solution designed to support better health outcomes and create peace of mind for caregivers. If you'd like to order spencer, visit <https://helloimspencer.com/order-now>.

- For Individuals with Medication Challenges: spencer takes the stress out of managing multiple medications by ensuring correct doses are dispensed at the right time, enhancing safety and confidence.

- For Senior Living Communities: By improving [medication](#)

[adherence](#) and streamlining workflows, spencer helps care teams focus on what matters most—delivering exceptional care.

· For Payers: Reducing healthcare costs through fewer medication errors and better adherence leads to healthier outcomes for beneficiaries.

“We are excited to partner with PharMerica to make spencer accessible to even more people who can benefit from reliable medication management,” said Tom Rhoads, CEO of Spencer Health Solutions. “This collaboration empowers individuals, caregivers, and healthcare teams, creating a more connected and seamless approach to care.”

PharMerica shares the same vision:

“Integrating spencer into our care models means we can better support those managing complex medication regimens,” said TJ Griffin, Chief Clinical Officer at PharMerica. “This partnership enables us to enhance medication adherence while reducing the burdens on caregivers and improving the quality of care.”

spencer, the smart medication dispenser, is already trusted for its ability to improve adherence rates to an impressive 97%. Its intuitive design ensures the right medication is delivered at the right time, while its built-in telehealth capabilities and custom surveys foster better communication between patients and care teams.

Together, Spencer Health Solutions and PharMerica are paving the way for a new era in healthcare—one where managing medications is simple, effective, and empowers everyone involved in the care journey.
