About NGL:

NGL users can now experience a brand new redesign of the popular app.

NGL offers a fresh perspective on Q&A platforms, providing a space for users to express their authentic selves without the pressures often associated with traditional social media. Launched on November 7th, 2021, NGL originated from a small group of friends in Venice Beach, California.

The founders of NGL, observing the disconnect between social media and reality, set out to make a positive change. Under the leadership of Joao Figueiredo and Raj Vir, NGL first claimed the top spot on the App Store in the summer of 2022. Since then, the platform has empowered over 200 million users to embrace their genuine selves online.
