LAS VEGAS, NV, UNITED STATES, January 22, 2025

/EINPresswire.com/ -- The National Association of Home Builders (NAHB)

Leading Suppliers Council (LSC) is proud to announce the 1st Annual Builder/Remodeler Golf Scramble. This is a pre-IBS/KBIS networking event for builders and remodelers being held at TPC Las Vegas, on Feb. 21, 2025.

This networking event is in support of the Home Builders Institute's (HBI) ongoing efforts to address one of the construction industry's most pressing challenges - the skilled labor shortage. HBI has several programs dedicated to skilled labor training and support. You can learn more about their programs here [HBI.org](https://HBI.org).

*Kevin Harris, Co-chair of the NAHB Leading Suppliers Council*

When asked about the contributions the HBI makes to increasing construction industry employment, Kevin Harris, Director, Sales & Marketing for AGS Stainless and Co-chair of the NAHB Leading Suppliers Council said; “The HBI prepares trainees for careers in the construction industry through pre-apprenticeship training and industry-recognized certification. They target underserved individuals and those communities which have been historically underrepresented in the construction field”. He went on to explain; “HBI's program successfully integrates

academic skills, career technical training, and work-based learning. Their curriculum has been approved by both the Department of Labor and the Department of Housing and Urban Development, making HBI's pre-apprenticeship program quite unique. Their work is having a positive impact on introducing a larger community to a career in the trades!
