In response to the evolving landscape of the tax preparation industry, Don Armstrong, tech CEO and co-founder of Community Choice Tax Service, spearheaded the development of a cutting-edge mobile app and CRM marketing system. These technological marvels have become the driving forces behind the unprecedented success of the tax entrepreneur program, providing tax professionals with the tools they need to thrive in the modern era.

"Why work in a tax office earning 10-12 dollars per hour preparing 4-5 returns per hour when you can work from home earning \$1000 per hour for preparing the same amount of tax returns?" questioned Don Armstrong. This rhetorical question encapsulates the essence of the program, emphasizing the financial empowerment and flexibility it offers to tax professionals.
