Conversa Solutions Expands [Ensemble MDM](#) to Include Robust [Apple Management Capabilities](#)

Ensemble's new feature set delivers seamless device management for iOS, and Apple hardware, empowering businesses with a unified solution for multi-platform environments.

OAK BROOK, ILLINOIS [JANUARY 7, 2025]

Conversa Solutions, a leader in enterprise mobility solutions, proudly announces the expansion of Ensemble MDM to include comprehensive management capabilities for Apple devices. This enhancement enables organizations to seamlessly deploy, manage, and secure their iOS alongside Android and other mobile hardware within a single, unified platform.

Ensemble MDM delivers the flexibility enterprises need to support their growth while keeping IT processes simple and cost-effective"

*Brian Sipe, President,  
Conversa Solutions*

As enterprises adopt diverse device ecosystems to drive productivity, the need for efficient and integrated management solutions has never been greater. Ensemble MDM now empowers IT teams to streamline operations

with simplified provisioning and enhanced security controls for Apple devices. Key features

### WHY CHOOSE **ENSEMBLE** FOR YOUR MDM

Join the universities already transforming their mobile ecosystems with **Ensemble MDM**. Let us help you secure, manage, and source the tools your campus needs to thrive.

-  **Harmonized Mobile Strategy:** Manage all iOS and Android devices under one comprehensive solution for simplified control and security.
-  **Effortless Hardware Sourcing:** Access the latest tablets and smartphones from brands like Samsung, TCL, Lenovo, Motorola, Inseego, Apple, and more with ease through Conversa Solutions.
-  **Enhanced Security:** Protect sensitive campus data with robust encryption and advanced threat prevention.
-  **Streamlined Management:** Simplify deployments, updates, and monitoring for your IT team.

Why choose Ensemble for your MDM?

include zero-touch deployment with Apple Business Manager, device and app configuration, and inventory management.

“The addition of Apple management to Ensemble MDM marks a major milestone for our customers,” said Brian Sipe, President of Conversa Solutions. “Businesses today rely on a mix of devices to support their teams, and our expanded capabilities ensure they can manage their entire mobile ecosystem with ease, security, and efficiency. Ensemble MDM delivers the flexibility enterprises need to support their growth while keeping IT processes simple and cost-effective.”

Ensemble MDM's new Apple-focused features further strengthen Conversa Solutions' position as a trusted provider of scalable, platform-agnostic mobile device management. By enabling businesses to secure and optimize Apple devices alongside Android and other hardware, organizations can better address the evolving demands of remote and hybrid workforces.
