

PROLIM Achieves AWS Manufacturing and Industrial Competency, Redefining Digital Transformation in Manufacturing

PROLIM earns AWS Manufacturing and Industrial Competency, delivering cloud solutions that drive efficiency, sustainability, and innovation in manufacturing.

PLANO, TX, UNITED STATES, January 28, 2025 /EINPresswire.com/ -- PROLIM, a digital transformation leader with deep partnerships with [AWS](#) as Advanced Consulting Partner and Siemens Platinum Partner, has earned the AWS Manufacturing and Industrial Competency, recognizing its expertise in delivering advanced cloud-powered digital manufacturing solutions.

PROLIM Achieves AWS Manufacturing and Industrial Competency, Redefining Digital Transformation in Manufacturing

As manufacturing customers move to the cloud, they seek cloud experts with manufacturing experience to help them transform and use data more efficiently. AWS Manufacturing and Industrial Competency Partners provide solutions throughout the digital transformation journey, ensuring support from a validated AWS Partner while following AWS best practices for secure, high-performing, and efficient cloud infrastructure.

“

With AWS Manufacturing and Industrial Competency, we help manufacturers transform operations with cloud technology, enabling efficiency and sustainability”
said Prabhu Patil, CEO & Founder at PROLIM.

Competency differentiates PROLIM as an Advanced Consulting Partner with demonstrated technical proficiency and proven customer success in running [cloud solutions](#) on AWS for the manufacturing and industrial sector. AWS Partners must undergo rigorous validation

and provide vetted customer references to achieve this designation.

Driving Innovation Amid Industry Challenges:

The manufacturing sector faces growing demands for sustainability, efficiency, and faster product cycles. Cloud transformation has become essential. PROLIM leverages AWS Manufacturing and Industrial Competency to deliver strategic, impact-driven solutions tailored to manufacturers' unique needs.

“With AWS Manufacturing and Industrial Competency, we help manufacturers unlock the full potential of cloud technology,” said [Prabhu Patil](#), Founder & CEO, PROLIM. “Our approach reimagines operations, enabling clients to move faster, smarter, and more sustainably.”

Key Solutions for Manufacturing Digital Transformation:

- Smart Manufacturing: Advanced automation, IoT, and predictive maintenance enhance productivity, safety, and operational efficiency.
- Product Design and Engineering: Seamless Siemens NX™ and Teamcenter® integration accelerates innovation with advanced simulation and collaboration.
- Plant Operations: Real-time data visibility reduces downtime and improves decision-making by leveraging Siemens Opcenter and PROLIM's solutions.
- Supply Chain Optimization: AWS analytics and PROLIM expertise streamline supply chains and reduce bottlenecks.

Transforming Operations: A Success Story:

A leading automotive parts manufacturer partnered with PROLIM to address global supply chain challenges. By integrating Siemens Xcelerator solutions on AWS, they achieved a 30% increase in production efficiency and significantly reduced material waste, gaining a competitive edge and advancing sustainability goals.

About PROLIM:

PROLIM is a leading PLM, Cloud, Mendix, and Digital Transformation solutions provider to Global

The graphic displays the PROLIM logo at the top, followed by the text "PROLIM" and "AWS Certified Partner". Below this, seven AWS certification badges are arranged in two rows. The top row includes: Cloud Practitioner (Foundational), Developer (Associate), SysOps Administrator (Associate), and Solutions Architect (Associate). The bottom row includes: Solutions Architect (Professional), DevOps Engineer (Professional), and Data Analytics (Specialty).
