Spain has long been a key market for Indian tourism, with 83,322 Spanish tourists visiting India in 2019. While the pandemic caused a temporary dip, recovery is underway, with 39,658 Spanish visitors to India in 2022. Madhya Pradesh is poised to capture the interest of Spanish travelers, many of whom are drawn to authentic cultural and spiritual experiences. Known as the "Heart of Incredible India," Madhya Pradesh offers an array of attractions, from ancient architectural wonders like Khajuraho and the Sanchi Stupa to the breathtaking natural beauty of its national parks, including Bandhavgarh and Satpura.

Spanish travelers seeking deeper cultural immersion and off-the-beaten-path experiences will find Madhya Pradesh an ideal destination. The state's vibrant festivals, rich heritage, and unique wildlife encounters provide opportunities for meaningful and memorable journeys. Furthermore, Madhya Pradesh has earned recognition for its commitment to responsible tourism, with community-driven initiatives that prioritize sustainability and inclusivity. Its reputation as a clean, green, and safe destination, particularly for solo women travelers, enhances its appeal to international audiences.

The Barcelona roadshow is part of Madhya Pradesh Tourism Board's broader strategy to position the state as a top-tier destination for global travelers. Through this engagement with Spanish stakeholders, the Board aims to boost the visibility of Madhya Pradesh's unique offerings and strengthen tourism ties between Spain and India.
