process invoice and order data with unmatched speed and accuracy.

- Cloud-Based Infrastructure: Offers secure, scalable, and remote-accessible automation, hosted on Microsoft Azure, providing flexibility for businesses of all sizes.
- SOC 2 Certified: Demonstrates Artsyl's commitment to the highest standards of data security, confidentiality, and compliance, ensuring peace of mind for customers in regulated industries.
- Tight ERP Integration: Seamlessly integrates with leading ERP systems, including SAP, NetSuite, MS Dynamics, Sage, Acumatica, IFS, and others, creating a streamlined, end-to-

end AP workflow.

- ArtsylPay for Payment Automation: Enables secure and efficient payment processing while offering rebate opportunities, further enhancing ROI.
- Vendor Onboarding and Compliance: Automates the onboarding process, ensuring all vendor data is validated and compliant with regulatory standards.
- Real-Time Insights: Provides actionable insights through intuitive dashboards and analytics, allowing businesses to monitor and [optimize AP workflows](#).
- Error Reduction and Cost Savings: Minimizes manual errors, reduces processing costs, and accelerates approval cycles to boost overall productivity.

Artsyl's innovative solutions not only simplify AP processes but also enable businesses to unlock the full potential of automation. These features and benefits solidify Artsyl's well-deserved recognition as a Top Performer in Accounts Payable Automation Software.

### What This Means for Artsyl's Customers

Being recognized as a Top Performer reaffirms Artsyl's dedication to delivering world-class AI-based automation solutions, particularly for accounts payable processes. At the heart of this recognition is Artsyl's flagship docAlpha Intelligent Process Automation platform, hosted on Microsoft Azure, which provides robust security, seamless ERP integration, and unmatched scalability.

docAlpha and its vertical solutions, including InvoiceAction, OrderAction, and ArtsylPay, empower

businesses to streamline AP workflows by automating document processing, invoice management, order processing, and payment management. These tools drive measurable benefits such as reduced errors, faster approval cycles, and significant cost savings.

“This recognition as a Top Performer in Accounts Payable Automation Software underscores our commitment to helping businesses simplify their AP workflows,” said Artur Vassilyev, President / Dir. of Engineering at Artsyl Technologies. “With IPA platform like docAlpha, we enable our customers to eliminate inefficiencies, meet compliance requirements, and enhance productivity—all while leveraging the power of intelligent automation.”

By continuing to innovate and prioritize customer success, Artsyl remains a trusted partner for businesses seeking secure, scalable, and effective automation solutions in the ever-evolving AP landscape.

### Looking Ahead: Innovation and Growth

As a Top Performer in Accounts Payable Automation Software, Artsyl is dedicated to continuously enhancing its product suite to meet the evolving demands of its customers. This recognition underscores Artsyl's unwavering commitment to innovation, enabling businesses to achieve greater efficiency, accuracy, and competitive advantage in a rapidly evolving marketplace.
