Revolutionizing wine delivery with temperature-controlled precision

Redefining Wine Delivery Standards

Arrive55 aims to elevate wine delivery with climate-controlled, white-glove service that prioritizes wine quality and exceptional customer care. Highlights of the merger include:

- Expanded Reach in Texas: Wine lovers in Texas can now enjoy broader access to premium delivery services.
- New Services in North Carolina: Starting April 2025, Arrive55 will introduce wine delivery to North Carolina, featuring climate-controlled vehicles and trained professionals to ensure optimal conditions throughout transit.
- Future Expansion Plans: Arrive55 is preparing to extend services to Florida and Southern California later in 2025, reinforcing its position as a leader in national wine logistics.

"We are thrilled to launch Arrive55, combining the strengths of Vinum 55 and The Wine Mover to set a new standard in wine delivery," said Raini Keyser, General Manager of Vinum 55. "Our focus is on ensuring that every bottle arrives in perfect condition, creating an exceptional experience for both wineries and consumers."

Innovative Partnerships and Services

Arrive55's delivery services are carried out by trusted industry partners, ensuring that every shipment is handled with care and professionalism. The company's state-of-the-art services include:

- Climate-controlled vehicles maintaining wine at 55°F throughout transit.
- Personalized scheduling to accommodate customer availability.
- Real-time tracking and seamless communication.
- Secure, attended handoffs to safeguard wine quality and value.

Meeting the Growing Demand for DTC Wine Shipping

The direct-to-consumer (DTC) wine shipping market has seen significant growth in recent years. Arrive55 is uniquely positioned to meet this demand, providing wineries with a reliable partner to deliver products with precision and care. By enhancing delivery experiences, the company aims to help wineries strengthen customer relationships and satisfaction.
