

Zzoma Positional Sleep Device Available on First Nation Group Federal Supply Schedule, for Veterans with Positional OSA

PHILADELPHIA, PA, UNITED STATES, January 29, 2025 /EINPresswire.com/ -- [Sleep Specialists, LLC \(DBA 2Z Medical\)](#), the manufacturer of the FDA-cleared [Zzoma Positional Sleeper](#) for the treatment of mild to moderate positional obstructive sleep apnea (OSA), today announced that Zzoma has been added to [First Nation Group's](#) Federal Supply Schedule (FSS #36F79719D0027). This inclusion ensures easier access for U.S. Department of Veterans Affairs (VA) sleep centers and Veterans, enhancing treatment options for positional OSA.

The Zzoma Positional Sleeper, manufactured to meet the U.S. Trade Agreement Act (TAA) requirements, allows Government healthcare providers with a clinically proven, effective treatment for Veterans with mild to moderate OSA and snoring. This TAA-compliant product, designed by physicians, promotes side sleeping, allowing Zzoma to help maintain an open airway and improve sleep quality.

“The addition of Zzoma to First Nation Group’s FSS contract is an important milestone, demonstrating the growing recognition and trust that sleep specialists within the VA have in Zzoma as an effective and comfortable treatment option for their patients experiencing mild to moderate positional OSA,” [REDACTED]. With the TAA-compliant Zzoma now available on FSS, procurement will be streamlined, significantly improving the quality of care for Veterans.”

Through this expansive partnership, 2Z Medical and First Nation Group will continue to collaborate, ensuring clinicians can access Zzoma Positional Sleeper as a first-line alternative therapy for Veterans.

“We value the strong partnership with 2Z Medical in delivering outstanding solutions for sleep

patients. We remain committed to being a reliable resource for our Government customers, ensuring they have access to innovative solutions to support Veterans," [REDACTED] [REDACTED] [REDACTED], [REDACTED] [REDACTED] [REDACTED].
