What is driving the [growth of the Novarel market](#)?

The rising prevalence of infertility is a critical factor. Infertility refers to the inability to conceive

after one year of regular, unprotected sexual intercourse or the inability to carry a pregnancy to term. The rising global infertility rates have resulted in an increased demand for fertility treatments, particularly ovulation induction with hCG such as Novarel. Women seeking solutions to overcome ovulation difficulties have turned to Novarel as it stimulates ovulation and boosts sperm production in men with low testosterone levels, increasing the chance of conception.

Who Are The Key Players In The Novarel Market?

Key industry players include Ferring Pharmaceuticals Inc., renowned for their significant contributions in the market. The Novarel market segments fall under – 1 Indication: Induction Of Ovulation, Hypogonadotropic Hypogonadism, Fertility Preservation 2 Distribution Channel: Hospital, Pharmacies, Online Pharmacies 3 End User: Adult, Geriatric.

Regional Analysis Of Novarel Market:
