This strategic move places Global One Media at the heart of one of the world's most dynamic financial and technology hubs, enhancing its ability to deliver tailored solutions to clients across North America, Europe, Asia, and Australia. Singapore's robust infrastructure, pro-business environment, and strategic location make it the ideal headquarters for our continued global expansion.

In addition to establishing our headquarters in Singapore, Global One Media maintains a robust operational presence in Manila through its Representative Office, strategically located in the prestigious Philippine Stock Exchange Tower at One Bonifacio High Street, Bonifacio Global City, Metro Manila. The leadership team, including our CEO, Account Director, Business Development Manager, key department heads, and the hosts of our popular networks, [Stocks To Watch](#) and [InvestorTV](#), are primarily based in Singapore, but to ensure seamless operations and exceptional service across all locations, team members from both the Singapore headquarters and the Manila office regularly rotate between these sites. This dynamic exchange fosters collaboration, enhances cross-functional understanding, and strengthens our unified company culture.

"Relocating our headquarters to Singapore is a pivotal step for Global One Media," stated Bastien Boulay, CEO of Global One Media. "This move enhances our global reach and operational efficiency. Singapore's leading financial and technology sectors provide the ideal environment for us to deliver advanced digital marketing solutions to our clients worldwide."

Why Singapore?

The decision to relocate to Singapore aligns with our long-term growth strategy and is driven by several compelling factors:

1. **Global Financial Hub:** Singapore is one of the world's leading financial centers, offering unparalleled access to banking, investment, and financial services, enabling us to collaborate closely with global partners.
2. **Strategic Geographic Location:** Situated at the crossroads of major global markets, Singapore provides seamless connectivity to clients in North America, Europe, the Middle East, Asia, and Australia, ensuring efficient service delivery across time zones and strengthening our cross-border capabilities.
3. **Pro-Business Environment:** Singapore's business-friendly regulatory framework, competitive tax policies, and ease of doing business create an optimal environment for innovation and

growth.

4. Cutting-Edge Technology Ecosystem: As a hub for digital innovation and emerging trends, Singapore offers access to top-tier talent and groundbreaking technologies, aligning perfectly with Global One Media's focus on social media, fintech marketing, and investor engagement.

5. Stability and Security: With a strong legal system, political stability, and world-class infrastructure, Singapore provides a secure foundation for our continued global operations.
