

Airships Market Analysis: Growth to \$608.1 Million by 2031 at 6% CAGR From 2021-2031

The global airships market was valued at \$349.2 million in 2021, and is projected to reach \$608.1 million by 2031, growing at a CAGR of 6% from 2022 to 2031.

WILMINGTON, NEW CASTLE, DE, UNITED STATES, January 29, 2025 /EINPresswire.com/ -- According to a new report published by Allied Market Research, titled, "[Airships Market](#) Size, Share, Competitive Landscape and Trend Analysis Report, by Class, by Operation, by Architecture, by

Application : Global Opportunity Analysis and Industry Forecast, 2021-2031." The research provides a current evaluation of the global market landscape, highlighting recent trends, key drivers, and the overall market environment. The study examines the main factors influencing industry expansion, analyzing both its growth drivers and restraints. Additionally, it sheds light on factors expected to offer promising opportunities for development of industry in the future.

“

North America dominated the airship market in terms of growth, followed by Asia-Pacific, Europe, and LAMEA.”

Presently, the global airship market is dominated by North America followed by Europe, Asia-Pacific, and LAMEA. North America is expected to dominate the airship market in terms of growth during the forecast period. In North America, the U.S. is expected to capture the majority of the market share owing to the extensive adoption of airships.

Furthermore, support by the regional government to promote the usage of airships in a range of travel, tourism, and logistics industries further bolster its market demand during the forecast period. European and North American countries such as France, Denmark, Norway, Spain, the UK, and the U.S. have made concrete plans for the decarbonization of air travel at the domestic

AIRSHIPS MARKET
OPPORTUNITIES AND FORECAST, 2021 - 2031

Airships market is expected to reach **\$608.1 Million** in 2031

Growing at a **CAGR of 6%** (2022-2031)

Report Code: A06226, www.alliedmarketresearch.com

Airships Market: 2025

level. These plans have allowed them to explore several alternatives such as all-electric aircraft and airships. Nations across the globe are actively developing a comprehensive regulatory infrastructure for the safe operations of airships. Such initiatives are anticipated to make trade, transactions, and operations of airships much smoother and more efficient, supporting global business opportunities.

Based on architecture, the rigid segment held the highest share in 2021, accounting for nearly two-fifths of the global airships market, and is expected to continue its leadership status during the forecast period. However, the non-rigid segment is expected to register the highest CAGR of 7.0% from 2022 to 2031.

Based on application, the tourism and recreational segment accounted for the highest share in 2021, contributing to nearly one-thirds of the global airships market, and is expected to maintain its lead in terms of revenue during the forecast period. In addition, the same segment is expected to manifest the highest CAGR of 7.2% from 2022 to 2031.

Based on class, the medium segment accounted for the highest share in 2021, holding nearly half of the global airships market, and is expected to continue its leadership status during the forecast period. However, the small segment is estimated to grow at the highest CAGR of 7.2% during the forecast period.

Based on region, North America held the largest share in 2021, contributing to more than one-third of the global airships market share, and is projected to maintain its dominant share in terms of revenue in 2031. In addition, the same region is expected to manifest the fastest CAGR of 7.2% during the forecast period. The research also analyzes regions including Europe, LAMEA, and Asia-Pacific.

Download Sample Report PDF: <https://www.alliedmarketresearch.com/request-sample/A06226>

Leading market players of the global airships market analyzed in the research include Boeing, Lockheed Martin Corporation, Airborne, Zeppelin Luftschifftechnik GmbH, Hybrid Air Vehicles, Lindstrand Technologies Limited, Vantage Airship, Skyship Services, Inc., RosAero Systems, GEFA-FLUG, Sceye Inc., WDL Luftschiffgesellschaft mbH, Aeros, Cargolifter, Varialift.

Key Finding of the Study:

- By class, the medium segment leads the market during the forecast period
- By operation, the manned segment leads the market during the forecast period
- By architecture, the non-rigid segment is expected to grow at lucrative growth rate during the forecast period.
- By application, the tourism, and recreational segment leads the market during the forecast period.
- North America dominated the airship market in terms of growth, followed by Asia-Pacific,

Europe, and LAMEA.

Reasons to Buy This Airships Market Report:

- Procure strategically important competitor information, analysis, and insights to formulate effective R&D strategies.
- Recognize emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage.
- Classify potential new clients or partners in the target demographic.
- Develop tactical initiatives by understanding the focus areas of leading companies.
- Plan mergers and acquisitions meritoriously by identifying Top Manufacturer.
- Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and Scope.
- Report will be updated with the latest data and delivered to you within 2-4 working days of order.
- Suitable for supporting your internal and external presentations with reliable high-quality data and analysis.
- Create regional and country strategies on the basis of local data and analysis.
