

Ingressum Joins Vanta's Managed Service Provider Partner Program

Ingressum, announced today that it has joined Vanta, the leading trust management platform, Managed Service Provider (MSP) Partner Program.

MELBOURNE, VIC, AUSTRALIA, January 30, 2025 /EINPresswire.com/ -- "[Ingressum](#) is excited to form this partnership with the leader in trust management. Ingressum and our customers appreciate that it takes concerted effort to implement their desired security frameworks and equally to maintain that elevated level of preparedness across future audits. The [Vanta](#) platform plays a crucial role in automating the entire process and successfully completing security audits with less effort and time," said Con Nikolaou, Managing Principle, GRC

Vanta is the leading trust management platform that helps simplify and centralize security and compliance for organizations of all sizes. Over 9,000 companies including Atlassian, Chili Piper, Flo Health and Quora rely on Vanta to build, maintain and demonstrate their trust—all in a way that's real-time and transparent.

Ingressum helps organizations increase their cyber resilience by strengthening their information security and compliance journey through a comprehensive suite of services to maintain the security of their organization, internal users and external customers including protection of their digital brands.

"We're thrilled to welcome Ingressum to our MSP Partner Program, which offers the fastest and simplest approach to continuous security monitoring and automated compliance for managed service providers," said Elliot Goldwater, VP of Partnerships, Vanta. "By putting Vanta's market-leading platform as the cornerstone of their security managed service offering, Ingressum can expand their clients' security with trust management, while building their own competitive advantage."

At the foundation of the MSP Partner program is Vanta's trust management platform that simplifies and centralizes security program management by providing full visibility into an organization's risk. Vanta enriches those findings with contextual data, and helps organizations remediate issues and track progress as a single source of truth for their security posture. Vanta's MSP Partner Program features a multi-tenant management console, world-class partner support and flexible billing integration — making it seamless for partners to deliver value to their clients while scaling up their business.
