“The organic hair colour market is projected to grow significantly from 2024 to 2031, driven by increasing consumer demand for natural and sustainable hair care products. This growth is supported by a rising awareness of the benefits of organic ingredients and a shift towards eco-friendly consumer choices. The market is expected to reach a value of approximately 10 billion USD by 2031, up from around 5 billion USD in 2024.”
