

Louisiana Mesothelioma Victims Center Urges an Auto-Truck Mechanic with Recently Diagnosed Mesothelioma or Lung Cancer Anywhere in Louisiana to Call the Gori Law Firm about Compensation-Expect Better Results

NEW ORLEANS , LA, UNITED STATES, February 6, 2025 /EINPresswire.com/ -- According to the Louisiana Mesothelioma Victims Center, "If your loved one is a current or former truck or auto mechanic anywhere in the state of Louisiana and he has just been diagnosed with mesothelioma or lung cancer please call the Gori Law Firm anytime at 866-532-2106 to discuss financial compensation. We want to emphasize the Gori Law Firm has an office in New Orleans, they are one of the nation's top mesothelioma and asbestos exposure lung cancer law firms, and they get serious results for their clients. The lawyers at the Gori Law Firm have decades worth of experience assisting auto and truck mechanics who have developed mesothelioma or lung cancer because of asbestos exposure in Louisiana and nationwide.

"Truck and car mechanics who were active before the mid-1980s would have had routine and in many cases daily exposure to asbestos. In the late spring, summer and early fall in Louisiana the garages where these mechanics worked would have had doors closed to keep these types of workplaces cool. What this means asbestos in the air from auto brakes, clutches, transmissions or valve covers would have stayed in the garage and all the workers inside would have been exposed. Auto-truck mechanics in many instances in Louisiana would have had as much

exposure to asbestos as a shipyard worker.

"If your loved is a current or former auto mechanic in Louisiana who now has mesothelioma or lung cancer, please call the Gori Law Firm at 866-532-2106 to discuss financial compensation. When it comes to compensation for mesothelioma or asbestos exposure lung cancer in Louisiana the Gori Law Firm has no equal." www.gorilaw.com
