accomplished. Carnegie Hall has been at the top of the list for so many years and our opportunity has finally arrived. So many legendary artists have set foot on the stage there. We are privileged and honored to be able to realize yet another dream.”

Graham Russell adds, "When Russell and I met on the first day of Jesus Christ Superstar in 1975, we immediately became great friends and just days later, we created Air Supply. We felt blessed to start this journey, not knowing where it might take us. We created our own sound by
