WASHINGTON, DC, UNITED STATES, February 1, 2025 /EINPresswire.com/ -- Following rapid growth across 50 US states, and an extensive investment into resources in twelve languages, Jonathan Sutter, TravelingWiki Foundation's CEO, spent a portion of January 31, 2025 with crew covering Capitol Hill from CBS News and NBC News. This followed a number of recent media appearances. The work with news media in Washington DC preceded time later that day with actress Sherry Rose (Tubi) in Pennsylvania as well as work this weekend at one of the largest sports show in the Eastern US.

This arises after Microsoft Bing highlighted TravelingWiki as one of the most "Recognized Brands and Resources" in its space as to Autism Travel & beyond, specifically also referencing "Fights for Children With Autism." This also occurs as TravelingWiki launched its Experiential Learning Program this past week in partnership with The Drake University College of Pharmacy & Health Sciences, including a presentation at Iowa State University. This past week also included interviewing for the 2026 Experiential Learning Program at Drake University. This is the second time in a matter of months that TravelingWiki Foundation has traveled to Ames, Iowa to present to Generation Z on these resources.

Part of the impetus of TravelingWiki's rapid growth initiatives, engaging directly with the next generation of the workforce, is the opening of experts on Neurodiversity at CES that 53% of GenZ

identifies as Neurodiverse. This also follows TravelingWiki Foundation announcing an expansion of its Library Program, growing in earnest this past week in Iowa (whereby Travelingwiki's Experiential Learning participant(s) present(ed) at an Iowa library), growing from a foundation of offering TravelingWiki resources in one or more Iowa library databases alongside some of the most well known global charities. In addition, this follows a definitive assertion by AI-based technology associated with Google about TravelingWiki's impact in the travel industry in terms of resource documentation. In that case, Google's AI described TravelingWiki's "Significant Impact" as to (1) Increasing Travel Industry Spending, Tourism & Jobs; (2) Special Needs Documentation; (3) Partnerships & (4) Engagement.

The work of TravelingWiki Foundation to document resources for Non Visible Disabilities at US airports, now exceeding 40 airports documented, stems back to the start of TravelingWiki Foundation. TravelingWiki Foundation's non-profit work across the US expands upon prior work in Pennsylvania, including the recent addition of TravelingWiki Foundation's free resources in 12 languages to the Philadelphia Autism Project, in cooperation with Drexel University; and presenting at PNC Park with the Pittsburgh Pirates on June 22, 2024 and August 4, 2024 to promote Autism awareness and Special Needs awareness, respectively, via themed baseball games (coordinated via many organizations throughout Pennsylvania) that also raised money for local area charities.
