LONDON, GREATER LONDON, UNITED KINGDOM, February 4, 2025

[/EINPresswire.com/](https://www.einpresswire.com/) -- The digital map market has experienced significant

growth in recent years. It is expected to

increase from \$18.36 billion in 2024 to \$20.63 billion in 2025, with a compound annual growth rate (CAGR) of 12.3%. The growth during the historical period is driven by the increasing demand for location-based services, the rise of navigation and GIS applications, infrastructure development projects, and the expansion of mobile and internet technologies.

Which Leading Companies Are Driving The Growth Of The Digital Map Market Share?

Major companies operating in the digital map market include Google LLC, Apple Inc., TomTom International BV, Environmental Systems Research Institute Inc., INRIX Inc., HERE Global B. V.

What Are The Key Trends Driving The Growth Of The Digital Map Market Size?

Technological advancement is a significant trend gaining momentum in the digital map market. Leading companies in the market are focusing on developing cutting-edge technologies like artificial intelligence and utilizing aerial image data to maintain their market position.

How Is the [Global Digital Map Market Segmented](#)?

The digital map market covered in this report is segmented –

- 1) By Type: Services, Solutions.
- 2) By Functionality: Scientific, GPS Navigation, Computerized.
- 3) By Service: Consulting, Development, Management.
- 4) By Industry: Automotive, Engineering And Construction, Logistics And Transportation, Energy And Utilities, Telecommunication.
- 5) By Application: Real-Time Location Data Management, Geocoding And Geo-positioning, Routing And Navigation, Asset Tracking, Reverse Geocoding

Subsegments:

- 1) By Services: Mapping Services, Geocoding Services, Location-Based Services (LBS), Geographic Information System (GIS) Services, Data Analytics And Insights Services
- 2) By Solutions: Navigation Solutions, fleet management solutions, Geographic Data Solutions, Real-Time Mapping Solutions, Augmented Reality (AR) Mapping Solutions

The Leading Region in the Digital Map Market is:

North America was the largest region in the digital map market in 2024. Asia-Pacific is expected to be the fastest-growing region in the forecast period.

What Is the Digital Map Market?

A digital map is an electronically stored map that accurately represents specific locations. These maps require extensive data and multiple systems, including remote sensing, geographic information systems (GIS), and satellite imagery. They are also useful for identifying routes, landmarks, and locations within an area.
