Rise in the usage of adhesives, increase in the global supply of heavy oils, development in cement and power generation industry, and surge in applications of petroleum coke drive the growth of the global petroleum coke market. However, government regulations on the manufacturing and usage of petroleum coke hinder the market growth. Furthermore, increased infrastructure development in the Middle East and Africa is expected to boost petroleum coke demand in the region over the forecast period.

Leading players of the global petroleum coke market discussed in the research include Suncor Energy Inc., Oxbow Corporation, Phillips 66 Company, Nippon Coke & Engineering. Co., Ltd., Aminco Resources LLC, Petroleum Coke Industries Company, Graphite India Limited, Renelux Cyprus Ltd., Marathon Petroleum Corporation, and British Petroleum.
