Solution Systems Partners with Binary Stream to Enhance Business Central Solutions

Solution Systems partners with Binary Stream to enhance Business Central with advanced financial tools, subscription billing, lease management & more.

ROLLING MEADOWS, IL, UNITED STATES, February 4, 2025 /EINPresswire.com/ -- Solution Systems, Inc. (SSI), a leading Microsoft partner specializing in Business Central implementations and support, is excited to announce its partnership with Binary Stream, a leading provider of advanced financial solutions for [Microsoft Dynamics 365 Business Central](#).

> "
>
> With Binary Stream's innovative solutions, we're taking our Business Central offerings to the next level."
>
> *Michael Intravartolo, Director of Marketing, Solution Systems*

This strategic collaboration enables SSI to offer Binary Stream's robust suite of solutions to its Business Central customers, including Subscription Billing, Property & Lease Management, and Multi-Entity Management. These tools empower businesses to streamline financial processes, improve scalability, and enhance operational efficiency within the Business Central ecosystem.

"With Binary Stream's innovative solutions, we're taking our Business Central offerings to the next level," said Michael Intravartolo, Director of Marketing at Solution Systems. "Our customers will greatly benefit from the seamless integration of these advanced tools, which address complex financial processes while maximizing the power of Business Central."

Binary Stream's expertise in simplifying subscription billing, multi-entity accounting, and property lease management aligns perfectly with Solution Systems' commitment to providing unparalleled support and technology solutions for small and mid-market businesses.

"Our partnership with Solution Systems allows us to expand the reach of our products and help more organizations streamline their financial processes," said Lak Chahal, CEO at Binary Stream. "We are excited to work with a trusted Microsoft partner that shares our dedication to delivering comprehensive and impactful solutions."

Through this partnership, Solution Systems continues its mission to help businesses optimize their operations and achieve digital transformation. By incorporating Binary Stream's solutions into its offerings, SSI solidifies its position as a premier provider of comprehensive Business

Central solutions.
