

# CyberSecOp Announces Partnership with Risk-Strategies to Revolutionize Cybersecurity and Cyber Insurance Protection

STAMFORD, CT, UNITED STATES, March 10, 2025 /EINPresswire.com/ -- [CyberSecOp](#), a leading Managed Security Services Provider, announced a partnership with [Risk Strategies](#), a leading North American specialty insurance brokerage and risk management and consulting firm, to deliver enhanced cybersecurity solutions with access to cost-effective insurance options.

Under the partnership, CyberSecOp clients will have access to customized and discounted Cyber Insurance based on validating the maturity of each client's security program and in turn, deliver additional protections resulting in a more effective cyber risk and liability mitigation.

"This partnership with Risk Strategies will provide a significant step forward in our ability to advance our clients cybersecurity posture by combining our expertise with the capabilities and expertise provided by Risk-Strategies." – Vincent LaRocca, CEO & Co-founder of CyberSecOp.

This groundbreaking partnership empowers businesses to:

- Strengthen Their Cybersecurity Posture: Leverage Risk Strategies portfolio of Cyber Insurance solutions
- Optimize Insurance Costs: Benefit from customized cyber insurance policies tailored to specific and validated risk profiles.
- Mitigate Risk and Maximize ROI: Combine robust security measures with effective insurance coverage to protect your business.

"The cyber security and liability landscape is ever evolving. As a leader in cyber liability solutions, Risk Strategies selectively partners with cyber security specialists whose clients can benefit from our mutual expertise. This partnership with CyberSecOp will allow their clients to benefit from savings, expertise and protections that may not have been available in the past." – Mike

O'Conner, Vice President, of Risk-Strategies.

CyberSecOp customers will now have direct access to more affordable cyber insurance offerings that are tailored to their business needs and requirements while benefitting from those in place controls the business has spent the time and effort to implement. The partnership underscores the need for a comprehensive approach to cybersecurity that incorporates best-in-breed cybersecurity protections and solutions.
