[What are the key drivers for Rystiggo Market growth?](#)

The rising prevalence of myasthenia gravis MG is anticipated to drive the growth of the Rystiggo

market. This chronic autoimmune disorder, which affects the neuromuscular system, leads to weakness in the skeletal muscles. The increased prevalence of Myasthenia Gravis can be linked to improved diagnosis, an aging population, increased awareness, better reporting systems, and the longer life expectancy of those affected.

Rystiggo rozanolixizumab is a monoclonal antibody that treats myasthenia gravis MG by targeting and inhibiting the neonatal Fc receptor FcRn. As of February 2024, the National Institutes of Health reported that about 82,715 adults in the United States were living with myasthenia gravis, resulting in an estimated prevalence of 320.2 cases per million people.

Which major companies are operating in the Rystiggo Market?

Key companies such as UCB Inc. are prominent operators within the Rystiggo market.

What trends are influencing the Rystiggo Market?

The development of innovative products, particularly for the treatment of generalized myasthenia gravis, is a key trend in the Rystiggo market. The focus is on addressing unmet medical needs, improving patient outcomes, and gaining a competitive edge in the healthcare market.

For instance, in June 2023, Belgium-based pharma company UCB Inc., received FDA approval for RYSTIGGO rozanolixizumab-noli, marking it as the first specific treatment for adults with generalized myasthenia gravis gMG. The approval was based on the promising results from the Phase 3 MycarinG study.

How is the Rystiggo Market segmented?

The Rystiggo Market is segmented by:

- 1 Type: Monotherapy and Combination Therapy
- 2 Clinical Indication: Generalized Myasthenia Gravis gMG; Autoimmune Neurological Disorders
Off-Label Use
- 3 Distribution Channel: Hospitals And Clinics; Diagnostic Centers

What regional insights can be drawn from the Rystiggo Market?

North America was the largest region in the Rystiggo market in 2024, and Asia-Pacific is expected to be the fastest-growing region in the forecast period.
