

# DR MATTHEW YIP NAMED IAOTP'S GOAT OF THE YEAR IN MATHEMATICS EDUCATION

*Dr. Matthew Yip member of the International Association of Top Professionals will be honored at their annual awards gala in Las Vegas*

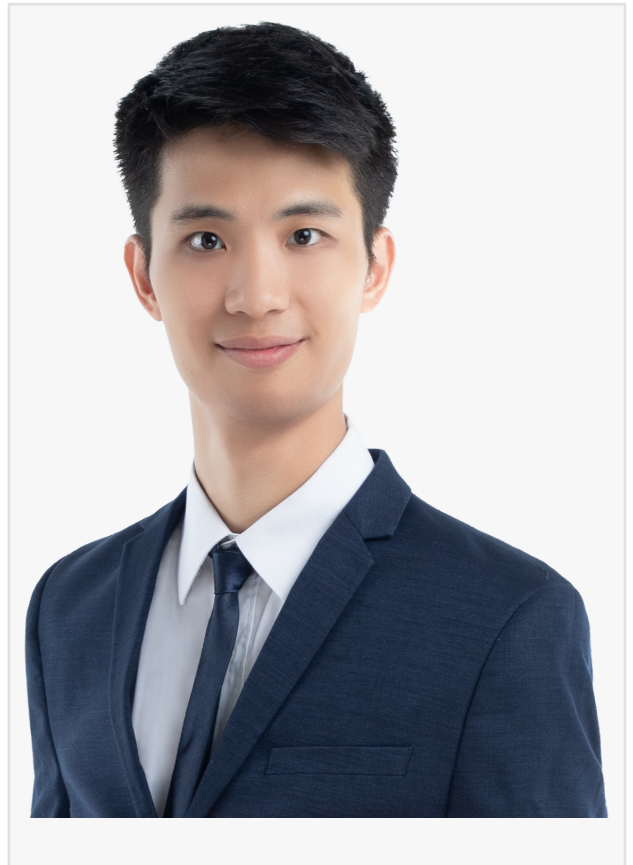

NEW YORK, NY, UNITED STATES, February 5, 2025

/EINPresswire.com/ -- Dr. Matthew Yip, Mathematician, Professor, Educator, and the designer of the "Mathewmatician's Dictionary," was recently selected as IAOTP'S GOAT of the Year in Mathematics by the International Association of Top Professionals (IAOTP) for his outstanding leadership, dedication, and commitment to the industry.

Inclusion with the International Association of Top Professionals is an honor in itself; only a few members in each discipline are chosen for this distinction. These special honorees are distinguished based on their professional accomplishments, academic achievements, leadership abilities, longevity in the field, other affiliations, and contributions to their communities. All honorees are invited to attend the IAOTP annual award gala at the end of this year for a night to honor their achievements.

With a wealth of knowledge and experience in Mathematics, Dr Yip has certainly proven himself to be an expert in his field. As a dynamic, results-driven leader, Matthew Yip is a distinguished mathematics educator with a significant impact on the EdTech industry. He currently serves as the President of the Mathematical Sciences Research Institute at the International (Macau) Institute of Academic Research. In addition, Matthew holds the role of Mathematics & Statistics Program Director at the Chartered Institute of Training & Development and serves as the Mathematics Curriculum Manager at Wahhar College. His leadership and expertise continue to shape the future of mathematics education and innovation in educational technology.

Matthew Yip, a renowned expert in mathematics and education, has always been driven by a passion for both subjects. Born into a humble family, Dr. Yip's journey to becoming a leading figure in his field is a testament to his unwavering determination. From a young age, he discovered his deep passion for mathematics and teaching, which set him on a path to academic excellence.

Matthew Yip's contributions to mathematics education and the EdTech industry are vast and influential. His journey into educational technology was driven by a desire to address the limitations of traditional mathematics teaching, where rigid schedules and insufficient time for concept mastery left many students struggling or disengaged. To solve this, Matthew developed the "Mathewmatician's Dictionary," a

comprehensive system that integrates textbooks, exercises, and lectures. This innovative approach allows students to learn at their own pace, supporting advanced learners and those needing to master the basics. By streamlining parts of the learning process, Matthew's goal is to lighten teachers' workloads, giving them more time to focus on deepening students' understanding and advancing the field of mathematics. Over the years, his work in the classroom has not only inspired countless students but also led him to innovate and optimize current models of mathematics teaching and assessment. His pioneering methods have garnered international attention, and he advocates for more effective educational approaches that foster more profound understanding and engagement. During his years of teaching, Dr. Yip has focused on improving mathematics teaching and assessment models. He believes students should try solving problems independently before learning from the teacher, enhancing understanding. He also emphasizes the importance of reinforcing areas where students struggle until they can independently arrive at the correct answers.

Matthew Yip's areas of expertise include but are not limited to, achievements and accolades, impact, creative thinking, leadership reputation, inspirational mentorship, and legacy building. Before embarking on his career path, Matthew Yip built an extensive academic foundation, earning multiple advanced degrees from renowned institutions. He holds a Doctorate in Mathematics and Education from MIT, a PhD in Education from American International Theism University, and a PhD in Mathematics from Charisma University. Additionally, Matthew earned a Master of Science in Mathematics for Educators from The Hong Kong University of Science and Technology, a Master of Science in Mathematics Education from The Chinese University of Hong Kong, and a Postgraduate Degree in Education from The Education University of Hong Kong. He

also completed a Bachelor's degree in Mathematics with a minor in Information Technology from Hong Kong Baptist University and was awarded an Honorary Doctor's Degree in Advanced Studies in Education from Azteca University.

Throughout his illustrious career, Matthew Yip has received many awards and accolades and has been recognized worldwide for his accomplishments. Last year, he was featured on The Nasdaq Billboard in Times Square, NYC. This year, he will be considered to be featured in TIP (Top Industry Professionals) Magazine. He will be honored at IAOTP's annual awards gala at the magnificent Bellagio Hotel in Las Vegas in December for his selection as IAOTP's GOAT of the Year in Mathematics Education.

Additionally, Matthew Yip has achieved remarkable success in mathematics and education, setting 11 world records and earning the title of "The GOAT in Mathematics Education" from various organizations. With over 40 international awards, including a Lifetime Achievement Award from the UK Parliament, he has been featured on over 900 magazine covers alongside notable figures like Elon Musk, Bill Gates, and Mark Zuckerberg. His work reaches readers in over 50 countries, and his students have received more than 30 top-level honors. Matthew, a sought-after keynote speaker at international conferences, has taught over 120 subjects across doctorate, master's, bachelor's, and diploma levels in more than 70 schools worldwide, and has served as a coach for abacus mental arithmetic and Mathematical Olympiads. Matthew is also the founder and President of the "Global Mathematics and Mathematics Olympiad Graded Assessment Test with Competition" and the designer of the innovative "Mathematician's Dictionary" automatic mathematics learning system. His leadership roles include being the President of the Mathematical Sciences Research Institute and serving as a royal consultant.

Furthermore, Matthew Yip is a renowned columnist and best-selling author known for his sincere and high-quality works. His publications include influential books such as Primary Mathematics Book with Challenging Problems, Abacus and Mental Arithmetic Learning and Teaching Masterpiece, and the Mathematics Olympiad Masterpiece Series – High School Level. In addition to his books, he has produced a wide range of teaching materials, research, and inventions. His works have reached readers in over 45 countries and regions, further solidifying his impact on mathematics education worldwide.

The President of the International Association of Top Professionals (IAOTP), Stephanie Cirami, stated: "Choosing Matthew Yip for this honor was an easy decision for our panel to make. Dr. Yip is inspirational, influential, and a true visionary and thought leader. We cannot wait to meet him and celebrate his accomplishments at this year's gala."

Looking back, Matthew attributes his success to her perseverance, work ethic, and rich teaching experience from early childhood to doctorate education. When not working, he enjoys traveling and spending time with his family. In the future, Matthew Yip hopes to be recognized as the greatest mathematics educator. "THE GOAT"

## About IAOTP

The International Association of Top Professionals (IAOTP) is an international boutique networking organization that handpicks the world's finest, most prestigious top professionals from different industries. These top professionals are given an opportunity to collaborate, share their ideas, be keynote speakers, and help influence others in their fields. This organization is not a membership that anyone can join. You have to be asked by the President or be nominated by a distinguished honorary member after a brief interview.

IAOTP's experts have given thousands of top prestigious professionals worldwide the recognition and credibility that they deserve and have helped build their branding empires. IAOTP prides itself to be a one of a kind boutique networking organization that handpicks only the best of the best and creates a networking platform that connects and brings these top professionals to one place.
